Republican Nominations for County Offices.

A NEW STRIKE AT GREECE CITY.

Two Men Burned to Death.

Special Dispatch to Pittsburgh Gazette.

BUTLER, PA., June 9, 1873.

Another well was struck at Greece City, on Saturday last. It is supposed to be a hundred barrel well. When struck the gas threw the oil some two hundred feet in the air, setting fire to the derrick and engine room, which were burned up. Two men named Crolly and Wherry, who were working at the well were so terribly burned that they died yesterday, after twelve hours of suffering.

The Republicans of this county selected the following gentlemen on Saturday as their nominees for the county offices to be filled this Fall:

Assembly—A. L. Campbell and David McKee.
Commissioner—J. P. Christley.
Treasurer—Joseph Campbell.
Jury Commissioner—T. W. Kennedy.
Auditor—E. G. Duncan. OCCASIONAL.

The Award in the Farragut Prize Case Affirmed.

A Military Commission Ordered to Try the Modoc Prisoners—The Railroad Bridge at La Crosse—Judicial Powers of Consuls.

WASHINGTON, June 9, 1873.

The Modoc Prisoners.

General Schofield has been instructed by telegraph to appoint a military commission to try the Modoc prisoners.

The Polaris Investigation.

Notwithstanding the secrecy with which the Secretary of the Navy is continuing the examination of the Polaris survivors, the *Daily Chronicle* says: "It has leaked out that Captain Buddington was the main cause of the failure of the expedition, and with him rests the responsibility of having jeopardized the lives of Tyson, Meyers' party and eight others. Shortly after the death of Captain Hall, when all discipline on the ship became lax, each appeared to work on his own hook. He became intoxicated, and, with pistol in hand, drove the five ice party from the ship, giving them a quantity of provisions and then deliberately deserted them. This story is entirely different from the one recently published about the separation of the Polaris from the ice.

The investigation is now conducted in the large boat house south of the Admiral's office, with closed doors. The Tallahassee having left here last night with the Esquimaux families of Joe and Hans on board for the cooler climate of Maine, the remainder of the ice-floe party were transferred from the Frolic to the store ship Relief this morning, where they will remain until the investigation is concluded. The Frolic left the Navy Yard this afternoon for New York.

The Award in the Farragut Prize Case Affirmed.

In the case of Farragut against the ship Metropolis and others, a prize, in which an award of over $1,000,000 has been made by the arbitrators, General Butler moved for an affirmance of the award. Mr. Corwin, for the Government, filed a motion requiring the arbitrators to file in Court the evidence, particularly that of Admirals Porter and Bailey, and also inquiring whether the steamer McRea, having been built and used by the United States, from whom she was taken, should be destroyed. The motion was overruled, and the award of the arbitrators affirmed.

Railroad Bridge at La Crosse.

The Secretary of War having referred to the Attorney General the question as to his authority under the acts of Congress to construct the railroad bridge of the Milwaukee & St. Paul Railroad Company across the Mississippi at La Crosse, the Attorney General decides that the bridge is to be located by the company, and not by the Secretary of War, but that in its construction the Secretary of War has a supervisory power as to the security of navigation and convenience of access by other railways.

The Florida Prize Case.

In the District Court to-day the case of Collins against the Florida prize case was argued on a motion to dismiss the libel filed by the Government, on the ground that the seizure having taken place in a Brazilian port, was illegal. General Butler appeared for the libellant and Carwin and Judge Fisher for the Government. Judge Humphreys overruled the motion and referred the case to General Mussey, to take testimony. The Florida never reached any port in the United States, having been lost or purposely scuttled on the way.

Judicial Powers of Consuls.

The Supreme Court for the District of Columbia has decided the case of Daines against Chas. Hale. The defendant was Consul General in Egypt, and by virtue of his office exercised judicial power in seizing certain goods in which Daines had an interest. Judge Carter, in delivering the decision of the Court, overruled the demurrer, holding that a consul had, under the law and a treaty, been clothed with judicial powers.

The Mexican Frontier—A Late Resident of Mexico Interviewed—McKenzie's Raid and Annexation.

ST. LOUIS, June 9.—Dr. D. H. Williams, who has resided in the State of Coahuila, Mexico, for two years past, has reached here and gives some account of affairs in that country. He confirms the capture of General Lesado, a rebel chief, and states that it was believed he was immediately shot. In relation to General McKenzie's pursuit and attack on the Kickapoo Indians on Mexican soil, Dr. Williams is of the opinion that there will be no serious complaint made on the part of the Mexican authorities, as the latter have long felt the necessity of some mutual arrangement between the two countries by which the Indian marauders upon either side can be followed across the river and punished by the Mexicans, if the outrage is committed upon their soil, as well as by the Americans, as in the the Kickapoo affair. The Doctor apprehends that the Mexicans will use the latter as a precedent, and pursue the fugitives on this side of the Rio Grande; they will be sure to avail themselves of the example set by the Americans. If not disavowed, this will eventually lead to trouble and plunge the frontier into a war. Such a result would, however, be hailed by many as desirable, as it would lead to the carving out of another fat slice from the sick man on our Southern border. There are, however, efforts being made by some of the leading parties on the Mexican side of the Rio Grande, which may lead to negotiations for the annexation of more Mexican territory, in order to strengthen the boundary line, and by which Mexico will be enabled to pay her debts. The territory coveted for this purpose embraces the States of Nuevo Leon, Coahuila, Chihuahua, the north end of Durango, Sonora, and Lower California, known as the Mexican frontier States. This would shorten the boundary line one half over the meanderings of the Rio Grande, and leave a frontier that would be much more easily protected by both nationalities; whereas, it is almost impossible to do so with the present boundaries. It would be a vast territory, with fine, irrigable and mineral lands and pasturage, which are now almost worthless to the Mexican people.

THE CONSTITUTIONAL CONVENTION.

The Article on Legislature Under Consideration—Eight Sections Adopted.

In the Constitutional Convention, yesterday, President Meredith presented a communication from the "Church of God," relative to the sale of intoxicating liquors, which was tabled.

The Convention then proceeded to consider the article reported by the Committee on the Legislature.

The first section, vesting the legislative power in a General Assembly, to consist of Senate and House of Representatives, was agreed to.

The second section, providing for the election of members every two years and filling of vacancies in either House, was adopted, after several efforts to amend by making their election annual.

The third and fourth sections, fixing the term of Senators at four and Representatives at two years, was agreed to without debate.

The fifth section provides for the time when the General Assembly shall meet, it being the first Tuesday of January succeeding the adoption of this Constitution, and at the same hour on the first Tuesday of January, every two years thereafter, unless convened by the Governor, and was adopted.

Sections six and seven were consolidated, and refer to the qualifications necessary to eligibility for Senators and Representatives. The section was agreed to.

Eighth—No Senator or Representative shall, during the time for which he shall have been elected, be appointed to any civil office under the Commonwealth, which shall have been created, or the emoluments of which shall have been increased during such time, and no member of Congress or other person holding any office, except of attorney at law, and in the militia of the United States or of this Commonwealth, shall be a member of either House during his continuance in Congress or in office. Agreed to.

THE INDIANS.

Modoc Prisoners Massacred by Oregon Volunteers.

SAN FRANCISCO, June 9.—Dispatches from Boyle's camp, dated yesterday, relate the particulars of the atrocious massacre of Modoc prisoners, it is supposed by Oregon volunteers. On Saturday morning James Fairchild and about twelve other men left Fairchild's Ranch, on Cottonwood creek, with seventeen Modoc captives, women and children, including Shack Nasty Jim, Bogus Charley, Ichee Jack, Pony and Little John. The Indians were in a wagon drawn by four mules. At the crossing of the Lost River the party encountered Oregon volunteers under the command of Captain Hizler. The soldiers gathered about the wagon, and questioned Fairchild. The latter told them the Modocs were all at Hot Creek, except Little John, and that there were no charges against them. Fairchild undertook to push on to Boyles' camp, and the volunteers retired to their camp, near Crawley's. On the road he noticed men ahead, riding to Rocks Point, as if to intercept him. When the team approached one presented a needle-gun and said: "Get down, you old white-headed ——." "By what authority?" said Fairchild. "By mine; I'm going to kill the Indians and you, too," was the reply. Their leader caught hold of the mules, unhitched them, and cut the harness. Fairchild, clinging to the lines, leaped to the ground. The poor wretches implored for mercy, and begged Fairchild to save them. The warriors were unarmed, and knew that resistance was useless. They were the coolest in the party, though facing inevitable death; but the women and children shrieked, groaned and wept piteously.

Fairchild had nothing but a small pistol. Six inches from his ear was the muzzle of a needle gun. He says the tears came to his eyes, and he mingled his voice with those of the Modocs, in the hope that a massacre might be avoided. "Oh, that was a terrible scene. I never shall forget it, and I shudder when I think what I saw. I hear the tearful voices of those women and children still ringing in my ears, but the cowardly hounds were not to be baulked. A shot, and Little John lay dead in the bed of the wagon with a bullet in his brain." The mules dashed away with Fairchild, and tangled him in the lines. Five more shots were fired in rapid succession, and Ichee Jack, Pony, and Mooch, the remaining warriors, were dead. Little John's squaw had a frightful wound in the shoulder.

Away ahead in the road, in the direction of Boyle's camp, was a cloud of dust, indicating the approach of a team. The murderers espied the dust, and in a moment were riding rapidly away. Sergeant Murphy, of Battery G, Fourth Artillery, with ten men and teamsters, came by a team. The Sergeant took charge of affairs, and remained with his men on the ground. Fairchild, the teamster, the wounded squaw and her two children came in at two o'clock this morning. Fairchild reached General Davis' headquarters, when he related his story. Teams with an escort were at once sent after the prisoners, dead and alive. No steps have been taken for the apprehension of the felons who performed the bloody work.

It is generally supposed Oregon volunteers are the guilty. Fairchild is of the opinion himself that the warriors killed were not charged with murder. Those who know them best say they have only participated in open fights. Every one here condemns the affair as atrocious and without excuse. There is no doubt but the murders were carried out upon a carefully arranged plan, as Fairchild noticed horsemen on the road ahead and behind him when the shots were fired. Had John Fairchild, instead of James, been present, another murder might have been added to the list, as the Oregoneans are bitter in their hatred of John, the old man and other Californians.

The Captives Interviewed.

BOYLE'S CAMP, June 8—3 P.M.—An interview between Gen. Davis, Jack and Schonchin has just terminated. The Modoc chief says he was incited to his cruel warfare by Allen David, the chief of the Klamaths, also denied the killing of General Canby, and laid the blame on his boys. Schonchin told the same story.

The Indians at the Red Cloud Agency Inclined to be Peaceable.

WASHINGTON, D. C., June 9.—A report to the Commissioner of Indian Affairs, from Special Commissioner Killive, at the Red Cloud Agency, says the Indians there are more friendly than he had been led to believe, and that he had an informal interview with Blue Horse, High Wolf, Slow Bull and Red Leaf, who manifested a very friendly disposition, and whose influence has been good and is increasing. The special Commissioner cannot yet determine in regard to the expediency of stationing troops at the agency, but it may be necessary to order a mounted company to patrol the other side of the river, as much to prevent whisky trading as to stop stock stealing.

WEATHER REPORT.

WAR DEPARTMENT,
OFFICE OF THE CHIEF SIGNAL OFFICER,
WASHINGTON, June 10, 1873, 1 A. M.

Synopsis for the Past Twenty-four Hours.

The barometer has fallen over the lake region, being lowest over Lake Michigan. It is highest over the South Atlantic States and Dakota. Cloudy weather has prevailed over the Gulf States, with light to fresh easterly to southerly winds, and rain areas, and is now reported from Tennessee to the upper lakes, with light to fresh southerly to westerly winds and occasional areas of rain. Generally clear weather is now prevailing over the northwest, with northwesterly winds, over the South Atlantic States with easterly winds, over the Middle States with southeasterly to southwestly winds, and over New England with variable winds.

Probabilities for To-day.

For New England, light to fresh easterly to southerly winds and generally clear or partly cloudy weather.

For the Middle States, winds veering to fresh southerly and westerly, and cloudy weather, with areas of generally light rain.

For the South Atlantic States, easterly to southerly winds, partly cloudy weather and probably occasional areas of light rain.

For the Gulf States east of the Mississippi, continued cloudy weather and rain areas.

For the Northwest and upper lake region and southward to Tennessee, rising barometer, northerly winds and clear and clearing weather.

For the lower lake region, cloudy weather and rain areas, followed during Tuesday afternoon and night by winds veering to westerly and northwesterly, with clearing weather.

Midnight telegraphic reports from Florida, Texas and upper Michigan are missing.

The New Ministry.

MADRID, June 9.—Shortly after the passage of the resolution definitely proclaiming the Federal Republic yesterday, the Cortes took a recess until evening, when Senor Pi Y. Margall proposed the following new Ministry, which was accepted by the Cortes in secret session: President of Council and Minister of Interior, Senor Pi Y. Margall; Minister of State, Senor Cesverd; Minister of Justice, J. Predieal; Minister of War, Esteranz; Minister of Colonies, Sorni; Minister of Finance, Carvajal; Minister of Marine, Oceiro; Minister of Public Works, Palanva.

Sunday Night's Session of the Cortes.

MADRID, June 9—*Evening.*—The session of the Cortes last night was one of the stormiest on record. Owing to the confusion which prevailed in the chamber many false rumors obtained currency. The statement, among others, that the ministry proposed by Senor Pi Y. Margall was approved, is incorrect. The house finally rejected his ministry, and called on Senor Figueras to resume the conduct of the Government with his old cabinet.

The following is an accurate resume of the sitting: The Cortes, after passing a resolution proclaiming the Republic, adjourned until evening, for the purpose of completing the formation of the new Ministry. At 7 P. M. the House reassembled, and Senor Figueras opened the debate.

The question came up whether the ministers proposed by Senor Pi Y. Margall should be voted on *en bloc* or separately. An excited discussion followed, which was accompanied with frequent scenes of confusion.

A motion was made to go into secret session. Senor Castelar protested.

Senor Pi Y. Margall finally announced that in view of the sad scenes of disorder, which he could only consider as an evidence of distrust, he would withdraw his list of ministers.

Great uproar followed, and could only be silenced by Senor Figueras, who rose to move that the ministers be directly chosen by the Cortes.

The motion for a secret sitting was then renewed and adopted, and at midnight the galleries were cleared and the reporters excluded. Around the palace the streets were filled with an excited throng, and within the chamber the greatest agitation prevailed. It was rumored at one time that an armed crowd had entered the palace and threatened to break into the hall. Moreover, a fight between the military and people in the streets was momentarily expected.

Castelar and Figueras succeeded in restoring calm in the Chamber, and exerted themselves to good effect in restraining the populace outside.

The Cortes finally appealed to Senor Figueras to remain in power with the old Cabinet, and he at last consented.

GREAT BRITAIN.

Alexandria Palace Burned.

LONDON, June 9.—Alexandria Palace, near this city, was destroyed by fire to-day. The total loss is estimated at $3,000,000; insurances $600,000. The fire was caused by the carelessness of workmen, who were repairing a zinc roof. No one was killed, but several were injured. The supply of water was scarce, hence the rapidity with which the fire spread. Within half an hour from the time the alarm was given the entire structure was enveloped in flames, and one by one the great domes by which it was surmounted fell in. The large organ was destroyed, but some valuable pictures and other works of art were saved.

House of Lords.

In the House of Lords to-day Earl Russell introduced a bill for the better government of Ireland, which abolishes the office of Lord Lieutenant, and provides that the voice of eight jurors out of twelve will suffice for a verdict. The subject of the measure is to restrict the power of the priesthood and secure the conviction of criminals.

Riot at a Fire in Dublin.

LONDON, 9.—A dispatch from Dublin says a great fire is raging in a timber yard in that city. The crowd, whose objects are plunder, are interfering with the firemen, and stoned them, and a detachment of police is ordered to preserve the order. latter charged on the mob, wounding many. The Mayor of the city was hit by one of the stones. Intense excitement prevails in the vicinity, and the scene during the charge of the troops was fearful. Property to the value of $1,000,000 has already been destroyed.

Fatal Shooting Affray—Alleged Swindler Arrested—A Pair of Handcuffs Returned by an Escaped Highwayman—The Goodrich Inquest to be Resumed—A Small Swindle Detected.

NEW YORK, June 9, 1873.

Fatal Shooting Affray.

Peter Kenny and an unknown man quarreled on a Third avenue car this morning. The latter suggested that they retire from the car and settle their difficulty on the street. Kenny consented, but had no sooner alighted than the unknown man shot him fatally, and then escaped. Joe Coburn, the prize fighter, is held as a witness.

A Small Swindle.

A small swindle was detected in Wall street, to-day, a recently escaped convict named White being arrested for an attempt to pass on the St. Nicholas Bank a forged check on Henry Leavy & Son for $250. White had previously given Leavy what proved to be a forged check for $100 on the Fourth National Bank of Cincinnati.

Alleged Swindler Arrested.

Joseph H. Husband, a merchant of St. Louis, was arrested this morning on a bench warrant. He is charged by merchants here with receiving over twenty-five thousand dollars' worth of goods and failing to make return.

A Highwayman's Compliments.

The Superintendent of Police received on Saturday a pair of handcuffs with the compliments of Blindy Winslow, the alleged highwayman, who, while wearing the handcuffs, escaped from an officer on Thursday.

The Walworth Case.

None of the witnesses in the Walworth case were before the Grand Jury to-day, and no action will be taken before to-morrow or Wednesday.

A Check Forger.

It is stated an individual named Dix has been forging checks on New York banks in the name of G. B., Grinnell & Co., and passing them on country banks.

The Goodrich Mystery.

The Goodrich inquest will be resumed on Wednesday, when surgical experts will testify as to the possibility of a man being able to shoot himself in the head in three places.

EQUALIZATION.

The Opposition to the Measure—The Matter Before Court—A Bill in Equity Filed—What a Property Holder Objects to.

Yesterday afternoon Mr. S. C. Soyer, in behalf of Mr. Samuel Chadwick, filed in the Court of Common Pleas, a bill in equity against the city, as represented by Treasurer Magee, to enjoin him from levying or collecting taxes for 1873 on the basis of the valuations put upon property by the Board of Revision.

Mr. Chadwick resides in the Twenty-second ward, and owns fifty-six acres, the value of which he returned at $7,000. The Revisers, however, "revised" this return, and valued the property at $3,000 an acre—making the amount $168,000, and hence Mr. Chadwick's appeal in behalf of himself and others. The bill is quite lengthy, but is in substance as follows:

The complainant, on "behalf of himself and all other citizens of Pittsburgh who may unite with him in this bill," sets forth that the board of revision have ordered the assessment over and above the actual cash value of property in the outer wards in order that the districts lately consolidated may not reap the benefits intended to be derived by the act of consolidation, which provides that a reduction of one-third shall be made on the cash value of real estate in the newly annexed districts, and the balance to be the basis for taxation, and charges further that certain members of the Board of Revision openly stated such to be their intention.

The City Assessor comes in for his share, being charged with arbitrarily filling his own estimate on the value of property without authority, when the owners thereof had made their returns of values. That without the examination of persons who were supposed to know, he assessed values in many cases many thousand dollars above the actual value, while other parties were favored with an estimate much below the real value of their property. That he has assessed property that is now, and has been for years, used for farming purposes, at rates which would demand a yearly taxation much in excess of the income now derived from them; and this on the pretense that said farming land can be cut up into lots and made of value equal to the assessed value, whilst in reality it is not available for such purposes, owing to its location and nature; and this whilst more eligible and much more valuable property was assessed at lower rates. That he made his assessments at equal rates upon adjacent properties, not regarding frontage, depth or improvement of grounds.

The bill charges further that the Board as a board has passed upon assessments without the examination they are bound to make; that different committees pass upon the value of property in different wards, and that in no case does a property-holder receive the benefits to which he is entitled, of an examination by a quorum of the Board; that in a majority of cases the valuation has been fixed without personal examination or hearing of witnesses.

That the assessed valuation of property in the new wards is enormously increased, whilst in the old wards it is correspondingly reduced; that they have made assessments upon adjacent properties without regard to front, depth or improvements, and that in many cases these assessments are unjust. The complaint further charges that the action of councils ordering the election of the board of revision is illegal; that the ordinance was pushed hastily through Councils in order to have it passed before the South Side members took their seats, although the provisions of the act purport to effect property in that district.

That the members of the Board of Revision elected from the South Side is illegal, for the reason that at the time of the passage of the ordinance, the South Side had not been annexed, and that no proclamation for the election was promulgated by the Mayor of Pittsburgh. That the Board of Revision were so unduly pressed for time, that they were unable justly and equitably to perform their duties. That the new valuations show more inequalities than the old tri-annual assessments, and that in many cases taxation on the new basis will amount to practical confiscation of the property.

MR. CHADWICK is represented by Messrs. Schroyer, Burgwin and Marshall, and the City Attorney as will be seen by a reference to proceedings of Council yesterday, has been instructed to press the case to a decision as soon as possible.

REMOVING THE PRISON.

The Penitentiary Commission Again in Session—Their Deliberations Yesterday—In Earnest with the Work.

The Commission appointed to take into consideration the propriety of, and plans for, the removal of the Western Penitentiary, are considerably in earnest, and evidently mean to discharge their duties faithfully. Yesterday afternoon another meeting was held in the clerk's office, City Hall, Allegheny, which was attended by eight out the eleven Commissioners. The gentlemen present were Messrs. McBrier, McNeill, Riddle, Long, Fleming, George Phillips and Nevin. The President *Pro. Tem.*, Mr. Nevin, called the meeting to order, and after the approval of the minutes,

MR. FLEMING moved to permanently organize by electing Mr. H. M. Long, President, and Mr. George D. Riddle Secretary, which was unanimously agreed to.

MR. NEVIN vacated the chair and then presented a preamble and resolution setting forth that inasmuch as the Commission had examined the Penitentiary, and had duly considered the business of their appointment, that they deemed the present penitentiary sufficient for the purpose to which it was put, and that, therefore, its removal was not necessary or expedient.

The paper created a flutter, and a motion was made to lay it upon the table, but this was withdrawn, and after a warm discussion it was rejected by a vote of 6 to 2.

The Commissioners then engaged in a desultory discussion in reference to the present Penitentiary, which developed considerable latent sarcasm, but was not particularly prolific of beneficial results. During this spicy interchange of views, it was stated that the present institution was running behind hand $50,000 every year, and a new prison properly constructed could be made to pay to the State at least $50,000 annually instead of losing that amount which would make a difference of just one hundred thousand dollars in the amount in the State's strong-box. The other side contended that the loss was occasioned because the present building was not adequate, but then there was no need of removal, as the present grounds were amply sufficient for all new buildings needed, and could be erected at a comparatively little cost.

After a two hours debate of this character, Mr. Riddle offered a resolution setting forth that it was the opinion of the commission that the Western Penitentiary should be removed, and authorizing the appointment of a sub-committee of three to report a plan of operations and all information that could be obtained relating thereto, to a commission called by the President.

This resolution was unanimously adopted and Messrs. Riddle, McBrier and McNeill appointed, with President Long as an ex-officio member.

Then the Commissioners tearfully bid each other adieu, and went their several ways.

RELIEF FROM PITTSBURGH.

A Correspondent's Trouble.

A great deal has lately been said in one of the New York papers in reference to its correspondent, who is imprisoned in Havana. The unfortunate sufferer is Mr. Leopold Price, and he has now been languishing in durance vile, notwithstanding all the fulminations of his home support for the past three weeks.

Yesterday W. J. D. Bernd, of this city, called upon District Attorney Swoope for the purpose of consultation in reference to Mr. Price's unhappiness. Mr. Bernd is a distant relative of the prisoner, and says that Price is really suffering; that he was arrested upon charges which were never made known to him, and that the military authorities of Havana, after summarily incarcerating him in Fort Casabon, seem to have paid no more attention to his case, except to see that he does not get out.

Mr. Bernd after receiving letters from his relations naturally felt interested in getting him released. He had no definite plan to propose, but thought the Government might be more interested in the case of the press over the country, and took a little more decided stand in reference to the matters. Several members of the city press present, volunteered to give further publicity to Mr. Price's troubles, and his friend departed satisfied.

POLICE PARAGRAPHS.

Brief Mention of Criminalities.

CAROLINE RICHARDSON, *alias* Kohrson, has been held for court by Alderman Anderson on the charge of bigamy.

THE case of officer James Cotton against F. Stein, charging him with assault and battery, came up for a hearing before Alderman O'Donnell yesterday. Stein was held in $500 bail for court.

BEFORE Alderman Taylor John Boyd has made an information charging James Douglass with mayhem, in biting off one of his lips. The defendant was arrested and gave bail for a hearing. James Douglass has sued John Boyd, charging him with assault and battery on two different occasions. Warrants were issued on the latter charges.

JOHN WHITING, one of the parties concerned in the row in Mrs. Giers saloon on Second and James streets, on Sunday, was fined fifty dollars and costs by the Allegheny Mayor yesterday. Mrs. Gier was held for a hearing on the charge of keeping a disorderly house and selling liquor on Sunday. Harrison the other party implicated in the row was discharged as nothing could be proved against him.

PERSONAL.

***Col. R. Biddle Roberts, formerly of this city, but now a resident of Chicago, passed through here on Sunday, on his way to New York to meet his wife, who is returning from Europe.

***Officer Kennedy, one of the two men who were dismissed from the police force for arresting a carriage load of children on Wylie avenue one night not long ago, and which arrest was deemed unwarrantable was yesterday re-instated by the Mayor, in compliance with a request from the children who were taken into custody.

MYSTERIOUS SHOOTING AFFAIR.

A Woman with Fourteen Bullets In Her Arm—A Queer Story—Another Statement—How was She Injured?—An Affair that is Enveloped in Mystery.

Last evening a woman came to the Allegheny Poor office and wanted to get her arm dressed, which she said had been shot, and evidently had been fearfully shattered by buck-shot, and was bleeding very freely. She was taken to the office of Dr. Smith, who found upon examination that her arm had been riddled with thirteen buck-shot and a bullet. The flesh was terribly lascerated, and the bone splintered and fractured by the bullets. He extracted the bullets and dressed her arm, setting the bones and relieving her as much as possible. The woman who appeared to be very stupid or very ignorant, stated that she had been at work for a man named John Powers, who resides in the country, but she don't know where. She stated that she left his house to hunt a place to work on Sunday evening and wandered away about six miles from the house and in a northeasterly direction from the city. She don't really know where she went, but she went on to say that she got to a little run, and about a half of a square from any house. She was in the act of getting a drink of water when some one from the garret of a house fired a gun, the charge of which took effect in her arm as above stated. So far she says she remembers all. She says also that after she was shot, she turned around and saw two men, but she could not now recognize them, as it was dark and she was much frightened and excited. What became of her during the night is a mystery, but she stated that at daylight she walked into the city and went to a house where a woman dressed her wounds with rags. Her story certainly is a peculiar one, and mysterious and inexplicable with all. She was taken to the Homeopathic Hospital.

An evening paper of yesterday, probably alluding to the same case, says that a young German blacksmith, whose shop adjoins the hotel of Henry Bender on the Butler plank road, in Shaler township, while on his way to work discovered a woman lying in the hotel yard, and found her literally covered with blood. The young man notified Mr. Bender, who procured assistance, and with them retured to the scene, when the woman accused him of having shot her. The young man was astonished and denied the charge saying, that he had never seen her before. Her arm was found to have been pierced with some eight buck shot, but her injuries are not dangerous. She seemed to be very weak from loss of blood, and was a stranger in the neighborhood. A gentleman furnished a horse and wagon, and the woman was taken to St. Franciseus Hospital. On the way to the hospital the woman still insisted that the young man shot her, and made an information before 'Squire Elisesser, charging him with felonious assault and battery. The young man is thought to be innocent of the charge and consequently his name is withheld.

DIAMOND CARRIAGE WORKS.

A Representative Establishment—Where to Get Good Vehicles.

One of the representative manufacturing establishments of our sister city is the Diamond Carriage Works of Messrs. Caughey, McCallen & Co., located at Nos. 52 and 55 West Diamond street. The firm has been in existence just about four years, but has been so well managed in that time that the excellence of the "Diamond" brand of vehicles has been thoroughly established, and no manufactory hereabouts enjoys a higher reputation. The firm from the commencement of business have been gaining in favor with buyers, and have been from time to time compelled to enlarge their facilities until they have now one of the leading establishments of the character in this vicinity, and can turn out work as promptly and as well, and at as reasonable prices, as any of the older manufactories.

The gentlemen connected with the firm are practical workmen and give personal attention to all work sent out from their shops, which accounts for its excellence and for the reputation which the "Diamond" has so soon achieved.

Their manufacture is confined to fine carriages, buggies, track wagons, light spring wagons, barouches, jagger wagons, &c., &c., all of which are made from the wood out, in their own shops and under their own special supervision. The best commentary on their work is the fact that all their facilities are taxed to supply a home demand, and hundreds of their vehicles are now running our streets, each an advertisement of the skill and care of the workmen. They have also a very fine assortment of finished work on hand at present, and from a personal examination of it, while sauntering through the establishment yesterday, we are prepared to endorse it as equal to anything of the kind tha has yet come under our observation.

Messrs. Caughey, McCallen & Co., however, do not confine their attention exclusively to the manufacture of vehicles, but have a department in which skilled workmen are constantly employed in repairing, and there is as much care exercised here as in any other line. Those who have fine carriages or buggies will appreciate the advantages offered here, as there is never any "botch work," and the repairs are made as neatly and as durable as can be done by the best of workmen and material.

The firm, while thus endeavoring always to turn out good work, have been satisfied with reasonable profits, and hence their prices are kept down, and for the same quality of vehicles cannot be underbid. On this point, however, the best test is a comparison with others, and we advise our friends who intend making purchases in this line to look at other places, learn the prices and then buy of Caughey, McCallen & Co., if they wish to be convinced they are getting bargains.

Oil Items.

S. D. Karns' large well on the Riddle farm is still good for two hundred barrels per day.

The Thorncreek well, seven miles southwest of Butler, has been drilled a depth of over seventeen hundred feet, torpedoed, tubed, pumped, and abandoned as a dry hole.

The *Record* says Phillips Brothers, of Petroleum Centre, struck a new well on the James Rooker farm, Pithole, on Tuesday last, which is yielding a good thirty-five barrels daily. The new well is 920 feet deep, and had twenty feet of excellent sand rock.

Amusements.

PITTSBURGH OPERA HOUSE.—Tony Pastor's Combination appeared last night to a house that was crowded in every part. The performance given was really meritorious, and all the artists were the recipients of almost a perfect ovation. They give a good bill this evening.

Yesterday at Homestead Terrace.

The spring campaign of the Homestead Bank closed yesterday at the Terrace, with what the managers consider the most successful sale of the season. *Every lot offered was sold.* The prices, although very much below what has been recently reported as having been paid for lots less than half as large, two or three miles further from the city, where quite satisfactory to the sellers. The buyers were delighted and the regular excursionists pronounced the whole affair No. 1. We learned incidentally on the ground that "Homestead" will shortly offer the novelty of an excursion to the "Park" property *without any auction*. The Park being so large and of such variety in its peculiar beauty, it was found very difficult to concentrate the interest of buyers in any one locality. Hence it is proposed to have one day's excursion for the examination of the property and another one for the auction.

The Franklin Savings Fund and Safe Deposit Company—Chartered by the State of Pennsylvania—Capital $250,000.

At a meeting of its stockholders held on June 3d instant, elected the following Board of Directors: A. L. McFarland, Esq., Alexander Tindle, Sr., Esq., W. B. Lupton, Esq., A. T. Douthett, Esq., W. H. Erwin, Esq., Frank Kohne, Esq., S. A. Long, Esq., John W. Haney, Esq., J. P. Smith, Esq.

At a subsequent meeting of the Directors, A. L. McFarland, Esq., was chosen President, and S. A. Long, Esq., Vice President and Business Manager.

This institution will go into active business operation in a short time, and the books for the subscription to the Capital Stock will remain open for a few days at the Stock Salesrooms of Cole & Irwin, Nos. 68 and 70 Fifth avenue.

An Excursion but no Auction.

This is the latest innovation of that progressive institution—the Homestead Bank. We are not advised as to the particulars, but understand it is to be to Homestead Park some days hence.

BRIEF TELEGRAMS.

—In New Orleans, Rhodes Harrington, colored, murdered his paramour, Martha Scuddy, by cutting her throat.

—A fire in Newburg, N. Y., on Monday night, destroyed $250,000 worth of property. Several persons were injured.

—The cholera is believed to be on the increase in Memphis, though there is no marked increase in the mortality since last week.

—A terrible collision took place on the Lake Shore and Michigan Southern Railroad, on Saturday, about four miles east of Sandusky, between an east bound stock train and a west bound gravel train. They came together while each was running about twelve or fifteen miles an hour. Six men on the gravel train were badly injured, one of whom has since died. The engineers and firemen of both engines jumped just before the collision, and were uninjured. About fifteen head of cattle were killed, and between one hundred and fifty and two hundred and fifty head of sheep killed and injured.

BOARD OF GUARDIANS.

Election of a Superintendent of the City Farm—A New Law Discussed.

A special meeting of the Guardians of the Poor was held yesterday afternoon at the office on Fourth avenue. Mr. Thomas Chess having resigned the office of Superintendent of the City Farm, Mr. Bullock, who was several years ago connected with the management of that institution, was elected to fill the vacancy. He is thoroughly acquainted with all the duties appertaining to the position, and will no doubt make a satisfactory officer.

Another matter discussed by the Board was the law passed at the last session of the Legislature, requiring the Board of Guardians to make a quarterly report to the Board of Public Charities at Harrisburg of the number of applicants for charity. The question was before the Guardians about the first of April, but owing to the increased amount of clerical labor that the making out of the report would entail, it was not seriously considered, and in fact was allowed to drop out of sight until recently, when a notification from Harrisburg to the effect that the report would have to be made out, brought it again to the surface. A number of the members were very decided in their condemnation of the law, alleging that it can serve no useful purpose whatever, besides causing considerable additional expense. To fill the requirements of the act, blanks are furnished by the Board of Public Charities, and the questions asked which are quite numerous all have to be answered, and if properly done, it results in a complete outline of the personal history of all those who make application for assistance or to be sent to the City Poor Farm. The lowest average number of applicants to Secretary Fortune during any quarter was two hundred and eighty-one, and from that it is easily seen how much additional labor is required to fulfill the law referred to. An effort will be made to have it repealed at the next session of the Legislature.

Hint to Pennsylvania Railroad Company.

To the Editors of the Pittsburgh Gazette:

Having been bereaved of our interesting child by the carelessness of railroad employees, I will relate what I was witness to. The end of a freight train stopping in front of my house, after having rested four or five minutes, suddenly moved towards Fourth street ten or twenty feet. The locomotive was opposite Hare's Hotel, I could not discern any employee short of the locomotive. If a child, or children, were standing, or playing, or a lunatic, idiot, or intemperate, or an absent-minded person had been standing or leaning against the train, there would have been no salvation from death. These persons have rights to the street beyond railroad corporations. I am induced to give this hint from what I see in a paper, that by just such carelessness an employee at the outer depot was killed to-day. No train in the street should start without a watch at both ends.

SENATOR CAMERON has our thanks for valuable public documents.

IT is said that there is a growing feeling among officials at Washington for the annexation of Guatemala to the United States, and that two citizens of the former country, accompanied by its accredited minister, assured them of the desire of the people for annexation, and an anxiety to know when such a result could be reached.

MR. SMITH, the President of the New York Police Board, says that notwithstanding all the talk about the filthy condition of the streets of that city, they are "far cleaner" than those of Boston, and "infinitely cleaner" than those of Philadelphia. The *Herald* remarks that if such is the fact, it is sorry for the suffering Puritans and Quakers.

THE Mexican Congress has adjourned without passing either of the American railway project bills. A new Congress will soon be elected, which, it is expected, will modify several obnoxious enactments; but in the meantime the law authorizing the expulsion of foreigners, and especially foreign Roman Catholic priests, will be enforced in accordance with the provisions of the act.

THE *Dispatch* becomes very funny at times—but the times are few and far between. It is decidedly the most laughable sheet published—when it contains anything approaching originality—not excepting the Danbury *News*. The feeble attempt to criticise a paragraph which appeared in the GAZETTE a day or two since is a specimen brick of what it can accomplish in the funny line, when it is in its "syntactical pyrotechnics" humor.

IN regard to the railroad bridge to be constructed across the Mississippi river at La Crosse, Wisconsin, by the Milwaukee and St. Paul Railroad Company, Attorney General Williams has rendered a decision to the effect that the bridge is to be located by the Company and not by the Secretary of War, but that the Secretary has a supervisory power in locating it, as to the security of navigation and the convenience of access by other railroads.

THE Cherokee *Advocate*, published at Tahlequah, in the Indian Nation, has abandoned its former policy of exclusiveness, and declared itself in favor of a Territorial government, and the St. Louis *Times*, in heralding the fact, says: "The next session of Congress, in all probability, will witness the passage of an organic act for the Territory, and thence must date a new era, not only in the material advancement of the Indians themselves, but in the commercial intercourse of the States, which has long been much impeded by the existence of this nondescript and isolated government upon our immediate southwestern border."

SEVERAL persons hitherto have meditated flight across the Atlantic ocean in balloons, or pretended to meditate, for the purpose of having people pay money to see them start on a voyage which always ended a few miles away; but there seems to be some reasonable ground for supposing that the æronauts who are making arrangements to ascend from Boston in July are really in earnest. They are men who have reached the loftiest heights of their profession, and what they have already done is really little less perilous than the transatlantic journey which they project. If they seriously make the attempt to cross the Atlantic they will be entitled to all the credit of explorers. The proof that a balloon voyage across the Atlantic can be made would establish as practical conclusion as that in which Captain Hall lost his life in attempting.

GERMANY, as has already been announced, is about to build a canal from the North to the Baltic seas. When this canal is completed the German navy will have the advantage of interior lines, and no enemy can undertake to blockade the coast without having fleets in the Baltic and North seas, and each of sufficient strength to meet the entire German navy. Aside from the value of the canal in case of war, it offers great advantages to commerce. Vessels can avoid the dangers of the western coast of the Schleswig and Jutland, and commerce of the Baltic will be greatly encouraged. The work will not be undertaken until 1875, when the Wilhelmshaven and the defensive works on the Elbe, Weser and Jahde are to be finished, so that, in the event of a war, these works can protect the canal. The entire cost is estimated to be about ten millions of thalers, and it is expected that the work will be finished in eight years.

THE account of our foreign trade, according to the Bureau of Statistics, has been brought down to the month ending January 31, 1873, from which it appears that the value of the imports was $55,394,908, and the domestic exports, $61,011,944. The total value of foreign commodities remaining in the warehouses of the United States January 31, 1873, was $68,995,696, against $70,426,135 January 31, 1872. Making allowance for the difference in the warehouse account, the imports are in excess of the combined values of the domestic and foreign exports, during the seven months ending January 31, 1873, to the amount of $35,325,721, while for the seven months ending January 31, 1872, the imports exceeded the exports by $28,213,783. The value of the total imports carried in foreign vessels during the same time was $275,049,804, and in American vessels, $93,358,946; and of exports, in foreign vessels, $262,159,592; in American vessels, $96,351,526.

A GEORGIA paper says the two great wants of the South are men and money. She has more lands than she can cultivate by many millions of acres, and wants men to work them. She has boundless water power, and facilities for manufacturing which need capital to develop them. Nature has done far more for her than her Northern sister; but either from the influences of climate or peculiarities of her discarded slave system, she has fallen far behind in the race of progress. All earnest thinkers at the South see and deplore this, and lament that the energies of intellect and industrious Southern people should be directed almost exclusively into one channel, and that cotton should still be king over the broad area of the South, to the exclusion of all other potentates. Statistics show that if the South raises her food supply she must curtail her cotton area, and this is the strong point of the advocates of drawing the grain and other articles of consumption from the West. What the South needs is a vigorous, healthy, moderately rich and progressive class to take up the lands, and bring, as has been brought to the West, a sturdy, firm and steady growth, backed by sufficient capital. The food question will then solve itself.

THE rumor comes from Chicago that all the Judges of the Supreme Court of Illinois contemplate resigning because of the recent defeat of Judge Lawrence by Judge Craig. They say Judge Lawrence merely delivered the opinion of the Court, and that the vote by which Judge Craig was elected, if intended as a vote of censure upon Judge Lawrence, it was a censure on the whole bench. Members of the Supreme Court claim that their salaries are too small, not being so good as the Circuit Court Judges of Cook county. That heretofore the honor of being on the Illinois Supreme Bench kept some of its best members from resigning, but if it was to be packed to give decisions to suit certain people, and wholly regardless of what is law, then the position loses its honor and becomes degraded to a mere scramble for office, to which the greatest demagogue will have the greatest chances of promotion. They hold Judge Lawrence's decisions were sound in law, and the only decisions an honest man could give.

THE Spanish Provisional Government has terminated, a resolution definitely proclaiming the Federal Republic having passed the Cortes almost unanimously. The following is the Ministry, prepared by Senor Margall, under the new order of affairs: President of Council and Minister of the Interior, Senor P. Y. Margall; Minister of State, Senor Cesverd; Minister of Justice, S. Precial; Minister of War, Esteranz; Minister of Colonies, Sorni; Minister of Finance, Carvajol; Minister of Marine, Greico; Minister of Public Works, Palanca.

Later dispatches from Madrid say the city is greatly excited over the present aspect of Government affairs. The action of the Constituent Cortes in proclaiming a Federal Republic is canvassed in all quarters. Crowds are gathered in the streets discussing the situation. The excitement has risen to such an extent that a disturbance is probable. Several prominent names are mentioned in connection with the new Cabinet, but nothing definite is yet known as to its probable complexion. Senor Margall has withdrawn the Ministerial list which he prepared for presentation to the Cortes.

PAYING THE DEBT.

It is gratifying to know that even in far-off Australia there are busy brains, planning the best method for paying our great national debt. We would be delighted could we persuade ourselves that pure, disinterested benevolence inspired such interest, or that the plans evolved had the merit of originality and practicalness. Unfortunately, none of these hopeful propositions can be safely depended upon, if we may judge from an instance which General Spinner dignifies with a reply. A "plan" whereby a hundred millions can be saved to the Government in the payment of the debt is offered, but with the modest intimation that five per cent. on the sum thus saved will be regarded as fair compensation. The reply of General Spinner is so terse and pointed that we quote its salient features. He says:

To my mind, the cheapest way to pay a debt that is subject to the payment of interest is to pay it at the earliest day possible. An individual with insufficient capital, engaged in a lucrative business, may find it to his advantage to defer the payment of a debt and continue the payment of interest on the same with advantage to himself. In such a case, or in the case of a nation that has not the means to pay its debt at once, or in the immediate future, the scheme of Mr. Riddle would, no doubt, work admirably. Not so, however, with a wealthy and prosperous people. A nation that pays its debt at once pays it the cheapest. The longer payment is deferred, and the more interest is paid, the dearer it becomes, and the more it costs to pay it. Of this seeming truism our people have become convinced, and are acting in pursuance thereof. They believe that the sooner a debt is paid, and the lower the rate of interest is paid, or the unpaid part thereof, in the interim, the less they will have to pay in the aggregate in its final extinguishment. Acting in accordance with the belief in this principle, our Government is now changing its six per cent. into a five per cent. stock; this latter being the lowest rate at which it is, at present, able to place its bonds. And it is now, almost daily, paying every dollar of its surplus revenue in redemption of its six per cent. bonds; thus not only reducing the principal of the debt, but saving the consequent payment of interest thereon.

Under these circumstances, the proposition seems to be plain that a Government in debt, that places its stocks at the lowest rate of interest possible, and that has the constant option to pay, and does pay, in addition to the interest any part of the principal that it has the means to pay, pays its debt in the shortest and cheapest way possible. All the calculations and figuring that can be made or done cannot be made to prove to my mind the contrary, any more than I could be made to comprehend by figures, how a man may lift himself by the waisband of his breeches. * * * * It is believed that by placing an existing debt that cannot be paid at once at the lowest rate of interest, and to pay the principal as fast as the means for its payment can be obtained, is the best that an individual or nation can do. The best investment of a surplus is to apply it in payment of a debt, thus not only reducing the principal of the debt, but the interest of the same. This course the Government of the United States is now pursuing. Mr. Jefferson laid it down as a sound principle in political economy that a national debt should be paid by the generation that created it. There is now every prospect that our people will follow this wise teaching to the letter. Whenever any other nation shall show better results in the payment of a national debt than this people has accomplished, whether it be by your, or by any other scheme, we will be happy to adopt the latter plan. In case your plan should be adopted, I have no doubt but Congress would gladly award you the five per cent. you claim in the net saving that might be made in pursuance thereof over that now in practice for the payment of our national debt by our Government.

The Treasury Department has been the recipient of advice on the subject of debt-paying. In a few instances suits have been threatened, it being claimed that plans proposed had been adopted. All this absurdity might be disposed of, were such vigorous language as that employed by General Spinner freely used. It is also an answer to those who have insisted on perpetuating the debt, until another generation, under the pretense that we have done enough in bearing the direct burden of the war. The proposition that the cheapest way to pay a debt is to pay it speedily, is so clear, that it carries with it its own argument. The Government cannot expect its creditors to forgive any part of the principal. What it obligated to pay, it must pay. And it does not matter whether this payment is made in a month, or in a hundred years, it must be met, all the same. The only direction in which economy can be observed is in the saving of interest. Hence, if the debt is paid at once, all the interest is saved. If, of necessity, payment is deferred, the interest adds so much to the gross amount to be ultimately paid. If the percentage of interest can be reduced, this represents a saving. But beyond this, it is not dignified nor proper for a government to go, especially, it cannot enter into trading schemes. The present policy of the Treasury Department embodies these thoughts. It is reducing the rate of interest, so far as practicable, and at the same time, paying the principal as rapidly as it can.

The class of considerations, on which the deferment of payment is based, refers to the importance of aiding the material development of the country, by relieving it, for a term of years, from direct taxation. A Government, must of necessity, derive its revenues from taxation, in some form. But it is justly claimed that this is so well guarded, that the material interests of the country do not suffer. Its chief revenues are from custom duties, and a tax on liquors, tobacco, and articles that are regarded as luxuries. As nearly as possible, even custom duties have been regulated, so as not to affect unfavorably, any class of people, or any form of material industry. Hence there is no force in the argument in behalf of deferred payment, while there is a decided reason for rapidly urging the payment of the debt. It is gratifying to know that this policy is being firmly and rapidly carried into effect, and that in a score of years we may fairly expect to see the end of our great war debt.

AN English newspaper having offered a prize of $500 for the best safety-valve, twenty-six designs were submitted from which one has been selected by two eminent engineers, although they observe, "it lands them in the apparent absurdity of approving a design which is in the scope of any tyro in engineering."

A WASHINGTON special says: There is a growing feeling among officials for the annexation of Guatemala to the United States, and two citizens of the former country, accompanied by its accredited minister, assured them of the desire of the people for annexation, and an anxiety to know when such a result could be reached.

A SALT LAKE correspondent, speaking of the proposed exodus of Mormons into Arizona, says the movement is intended only as an enlargement of the borders of Zion. WHILE the pupils of the Rev. Mr. Selleck's school, at Norwalk, Connecticut, were boating on Saturday afternoon, accompanied by their teacher, the steamer Americus ran into one of the boats and capsized it, and three boys were drowned. Their names are Charles J. Bostruck, of Auburn, New York; Edward Morris, Troy, New York, and William B. Crane, Somers, New York.

THE British husband (to speak within bounds) is sometimes a brute. At Bilston, England, the other day, a woman told the stipendiary magistrate that she had been married forty years, and had been beaten by her husband every day since—14,600 distinct and separate beatings. She didn't say whether she had enjoyed her married life or not; but, at any rate, her daily discipline doesn't seem to have shortened it.

NOTHING gives more genuine satisfaction to the country than to know that the South requires, and is about to receive, additional mail facilities. The employment of postal cars, by means of which the Texas mails will reach their destination from thirty-six hours to one week sooner than at present, is an evidence of solid improvement. To a considerable extent the intermediate points on the route will also be benefited.

EXPERIMENTS have just been instituted in Berlin with a view of determining what harm is really done to the roots of trees and shrubs by coal-gas escaping from pipes and permeating the soil. It has been found that even so small a quantity as twenty-five cubic feet of gas per day, distributed through 576 cubic feet of earth, rapidly kills the rootlets of all trees with which it comes in contact.

A MAN who will take a newspaper four or five years, and then refuse to pay for it, should begin his name with an *h* and end it with a *g*, and put an *o* in the middle.—[*Mt. The editor who will send his paper to a man four or five years without getting his pay for it, should begin his name with an *f* and end it with an *l*, and put two *o*'s in the middle.—[*Lima Democrat*.

PEOPLE who smoke should frequently count the cost, and calculate whether they can afford it. One five cent cigar a day amounts to $18.25 a year. Two five cent cigars a day costs $37.50 a year. This, with interest added, would make almost $1,000 in twenty years. Many a young man blows away in smoke, a much larger amount, and frequently complains of the hard times and scarcity of money.

THE invention of the circular saw is generally attributed to Captain Kendall, of Maine, who died a few weeks ago at the age of eighty-nine. This is a mistake. The circular saw was invented by Joseph Murray, of Mansfield, England, son of an old servant of the Byron family, whom Lord Byron, the poet, often speaks of in his letters as "Old Joe Murray." The first saw of the kind ever made is still shown by his descendants.

ACCORDING to the census reports there were produced in Illinois, in the year 1870, 5,249,274 pounds of tobacco, the value of which was something over $2,000,000. In these days, when the price of grain is so inconsiderable as to discourage the farmer and lead him to look for other crops that will prove more remunerative, not a few of the agriculturists in the State are experimenting with tobacco, and so far they have met with much encouragement.

UP to May 29 there were 3,377 farmers granges in the United States, with an aggregate membership of over 2,000,000. These granges are divided as follows: Arkansas, 15; California, 8; Georgia, 16; Illinois, 431; Indiana, 142; Iowa, 1,567; Kansas, 128; Michigan, 24; Minnesota, 219; Mississippi, 112; Missouri, 245; Nebraska, 199, Ohio, 47; South Carolina, 118; Tennessee, 13; Vermont, 22; Wisconsin, 140. These figures are from an official source.

IS a widower a married man? The authorities at Oxford University recently refused a fellowship on the ground that, being a widower, he was not unmarried. It was a hard case. The poor man had lost his wife and his fellowship too. But the Earl of Pembroke afterwards decided that a widower is unmarried, and gave him the fellowship. Which is right? If a widower is not an unmarried man, would he not be guilty of bigamy were he to marry again?

THE area of the thirty-seven States in the United States, as shown by the recent census, is 1,984,467 square miles, and the average population about nineteen and one fifth persons to a square mile. In 1860, the average population of the States was eighteen and one-tenth persons to a square mile, and in 1870, nearly fifteen persons. The entire area of the country, Territories as well as States, aggregates 3,603,884 square miles, the surface of the Territories being 1,619,417 square miles. In the Territories the population averages about one person to four square miles, whilst in 1860 it was one in five square miles. There is, therefore, "ample room and verge enough" for the tens of thousands starting every week or two from European ports to cast their lots in our country.

PERSONAL.

MISS ELIZABETH HARRISON, of Weston, Sheffield, who died recently, has made charitable bequests to the amount of £65,800, including Church Missionary Society, £10,000; Religious Tract Society, London, £6,000; Colonial and Continental Church Society, £5,000; Church Patronage Society and London Association, in aid of the Moravian Missions, £4,000 each. Miss Harrison, who was seventy-two years of age at the time of her death, has for many years given away half her income to benevolent objects.

AN old friend of the late Chief Justice tells us an anecdote, showing Mr. Chase's cleverness at repartee. While on a visit to the Southern States, after the war, Mr. Chase was introduced to a very beautiful women, who prided herself on her devotion to the "Lost Cause." Anxious that the Chief Justice should know her real sentiments, she remarked, as she gave him her hand: "Mr. Chase, you see before you a rebel who has not been reconstructed." "Madame," replied he, with a profound bow, "you are so perfectly constructed that any reconstruction is altogether impossible."

FATHER BECKX, the General of the Order of the Jesuits, is described by a correspondent of the Vienna *Presse* as a short, narrow shouldered man of seventy, with a pale and tranquil countenance, "whose life seemed to concentrate itself in his expressive gray eyes, shaded by long black lashes, and always bent to the ground except when he is addressing you." His head is long and narrow, and its baldness is concealed by a black skull cap; his brown hair, interspersed here and there with a thread of silver, is brushed back from his temples behind his ears; his nose is sharp, and his lips are thin and bloodless.

SOME of the Western papers speak of Cyrus McCormick, the inventor of the celebrated reaper, as the "farmers' benefactor." We suppose he is. In his remorseless zeal to help the poor farmer he really forgets himself. And this is the way he does it: The original cost of one of his best reapers, according to his own testimony, is less than $50. The retail price is $200. The threshing machine of which he holds a monopoly costs less than $100, and sell for $700. The benefactor of the agricultural race, in his headlong zeal to benefit his fellow-creatures, should remember that he owes a duty to his family as well, and that common prudence would dictate laying up something for a rainy day.

POLITICAL NOTES.

THE following are the Armstrong county Republican nominations made at Kittanning on Tuesday last: District Attorney, G. S. Crosby; Assembly, Robert Thompson; Sheriff, G. A. Williams; Treasurer, James Piper; Commissioner, Thomas Herron; Auditor, D. W. Schaffer; Jury Commissioner, A. Glenn.

IN view of the salary-grab, and Mr. Bingham's connection with it, and the well-known sentiment of the country on that subject, we are very clear in the opinion that his appointment as Minister to Japan was a mistake. Every time the President appoints a man who voted for the salary-steal to any position, he will fly in the face of the people.—*Cincinnati Gazette.*

THE Virginia Conservatives are very hopeful just now of sufficient dissension in the Republican ranks to give the State to the Democracy. The "carpet-bag" Republicans expect to secure the nomination of Judge Hughes, while Senator Lewis and the native wing threaten trouble if he is nominated. Meanwhile a Washington paper suggests the Hon. George F. Deneal as a satisfactory candidate. It is to be hoped that the Republicans will not permit any factious dissension to lose them this important State.

A WASHINGTON special says:—Gen. Spinner's back pay conscience fund increases very slowly. One of his latest additions was a contribution from ex Congressman Halsey of New Jersey. Mr. Halsey is one of the retiring Congressmen who has actually covered his back pay into the Treasury. His letter to Mr. Ordway sets forth the law and rules of the House, showing that the money must be drawn by the officers of the House, and that if not now accepted by a member it can be taken by him at any future time, and that the only way to put it beyond his reach is to cover it by a warrant into the Treasury. All the officers interested now positively decline to furnish the names of those who have merely declined to take their money and those who have covered it into the Treasury. From all the information obtained it is safe to assume that about half a dozen of those whose names are circulating about the country as having returned their back pay have merely declined to draw it, and it still, forms a portion of their assets.

WHO SHALL LIVE?

The struggle for wealth and fame and honor and dignities was never greater than now. But who struggles for health and virtue and those other important considerations which tend to lengthen life and render its offices useful and agreeable? Did you ever reflect over the truth that the beginnings of disease were easily overcome; that Consumption was a curable malady if timely heed were given to its first inroads; and even after it is located, Dr. Keyser's Lung Cure will eradicate it from the system and restore health and vigor by it's persevering use. Dr. Keyser's Lung Cure is a life renewing medicine; under its influences the whole body is made over and every function of life takes on a new and vigorous action. Get the Doctor's pamphlet at his office, 167 Liberty street, or send for it by mail.

PURE MINERAL WATERS.

It is astonishing what a great demand has sprung up for Mineral Waters in this city. As medicinal agents they are being very generally employed. In view of the great demand, JAS. E. BURNS & CO., the well known druggists, corner of Sixth street and Penn avenue, have made a leading specialty of Mineral Waters and they regularly receive fresh from the original Springs, Congress, St. Louis Magnetic, Hathorn, High Rock, Saratoga and Katalysine Spring Waters, in bottles. From the great Frost King Fountain are drawn the excelsior, Vichy, Kissengen and Blue Lick Waters, together with the Soda Water with Fresh Fruit Syrups. In fact, from the great and varied stock carried by the firm, the house of BURNS & CO. may well be called the headquarters of Mineral Waters in the West. The other branches of the business of this first class Drug and Perfumery Depot are as fresh and inviting as ever.

NEW ESTABLISHMENT

Marbleized Slate Mantles,
FURNACES, RANGES, GRATES
Having fitted up the above STORE for the manufacture and sale of FURNACES, RANGES, GRATES and MARBLEIZED MANTLES, I would respectfully call the attention of Architects, Builders, Churches, School Committees and the public in general, to our stock of goods, consisting of
MARBLEIZED SLATE MANTLES,
which are six times as strong as marble, will not stain or discolor by gas, smoke, oil or acids.
I am now manufacturing and offer for sale the most desirable patterns and best finished Mantles ever offered in this market.
COOKING RANGES
Of the most popular and approved patterns.
Old's Utility Fire Grate,
The most powerful heating grate in use, burning the gas and smoke, and saving from forty to fifty per cent. of fuel.
The New Cone Furnace
which has a large amount of radiating surface, and for simplicity of construction, ease of management, economy in fuel and durability, will commend itself to all who will examine it. It will heat your building with one-third less coal than the common furnaces now in use. The BEST FURNACES for Coke, Bituminous and Anthracite Coal.
We solicit a liberal share of public patronage. Satisfaction guaranteed in all cases.

W. W. WALLACE'S
Steam Marble Works,
Office and Salesroom, 319 and 321 Liberty street, near Grain Elevator. This is the oldest, most extensive and cheapest place to buy Marble Work in the county, and the only one where Marble is Sawed, Rubbed and Polished by machinery. The Mantles are made of the finest varieties of
FOREIGN AND AMERICAN MARBLE.
Also, Marbleized Marble Mantles made to imitate the high priced Natural Varieties of Marble so perfectly that the best judges cannot tell whether they are natural or artificial, without a very close examination. These Mantles are sold as low as the Slate, and are free from the defects so common to Slate. Persons in want of good cheap mantles, of either kind, can buy here for less than in any Eastern city and save all risks. This is the only house in the city where all kinds of Mantles are made by steam power and the only house where any and all the varieties are to be seen in same warerooms to choose from. Marble and Granite Monuments and Grave Stones of every variety, made of the best materials and at the lowest prices. Workmanship not equaled in the county. W. W. WALLACE. Grates, Fronts and Fenders of every variety.

GETTYSBURG
KATALYSINE WATER.
The United States Dispensatory, the authorized record of our Materia Medica, classes this water with the most renowned Alkaline or Carbonated Springs of Europe. It far exceeds any ever known in its self-preserving properties. It does not deteriorate by bottling and keeping. It has never been claimed for any other mineral water the power to dissolve the urates, or so-called chalk formations in the body or on the limbs and joints. This the Gettysburg Katalysine Water has done in hundreds of instances. *Gout, Rheumatism, Neuralgia, Dyspepsia, Gravel, Diabetes, Kidney, and Urinary Diseases* generally have all yielded to its influence. It has restored *muscular power* to the paralytic, cured *Abdominal Dropsy*, a d given healthy action to the *Torpid Liver*. It has cured *Chronic Diarrhea, Piles, Constipation, Asthma, Catarrh, Diseases of the Skin, General Debility and Nervous Prostration from Mental and Physical Excesses.* It there be the bottled water. It is a powerful antidote for *Excessive Eating or Drinking*. It corrects the Stomach, promotes Digestion, and relieves the head almost immediately. Pamphlets containing a history of the Spring, reports from eminent physicians and medical writers, marvelous and well-attested cures, and testimonials from distinguished citizens, will be furnished and sent by mail on application to

Municipal and School Bonds,

Bearing Ten (10) per cent. Interest, Payable semi-annually.

We have examined these Bonds carefully, and can recommend them as a safe and paying investment. Permanent investors are advised to purchase these Bonds both as a protection against loss, theft and fire, and for greater convenience in collecting the interest. Those who wish to reinvest Coupons and Dividends, and those who wish to increase their income from means already vested in other less profitable securities, will do well to examine the merits of the above Bonds.

DAILY GAZETTE.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 9, 1873.

There was nothing particularly new in the condition of local financial affairs. The supply of funds for loans continues fair, and first-class paper finds no difficulty in negotiation at 9@10 ℘ cent. ℘ annum—the latter figure applying to outside transactions. The general tone of the money market continues comfortable, with the demand and supply pretty nearly equal at the rates above given. There is much more business being done at the inside figure than there has been for a long time. Information from Chicago, Cincinnati, New York, Boston, Philadelphia and Baltimore is to the effect that money rules easy, and is in abundant supply for all the demands of legitimate trade, and bids fair to remain the same for an indefinite period.

The Boston Post gives the following definition of "prime paper:" "What is prime paper?" asked a note-broker to-day—and well he might, when promises regarded as "first-rate" by the parties giving them, to say the least, range from 6 to 8 ℘ cent. ℘ annum discount. The story is short, and soon told. A few banks and individual lenders, surprised by the ease which so closely followed the Spring stringency, and influenced by apprehensions as to its continuance through the "heated term," have for some days past exhibited an inclination to purchase paper maturing as late as October, and even November in some instances, say at 6½@7½ ℘ cent., while perhaps a large majority of lenders seem to prefer something payable sixty or ninety days hence, even at the rate of 6@6½ ℘ cent. discount, which rather goes to point out "great expectations" concerning Fall trade and active money immediately after "Dog-Days." Then again, 3, 4 and 5 months' notes of certain well-known capitalists, evidently of extensive resources, are offered to boot, simply because of their profusion. One of the penalties of having unusually large amounts of paper on the market is very likely to exhibit itself in high rates. Some of the city banks are very easy; others find their regular customers ready to absorb all their spare funds. We quote call loans at 6 ℘ cent.; discounts of A 1 business paper, 4 months, mostly at about 7 ℘ cent., and shorter dates 6½. Scarcely any borrowing between the banks.

Local securities are not much inquired after by investors, and no change in quotations is observable. The real estate market is looming into gigantic proportions. Sales are being made in all directions, and a glance at our advertising columns will convince all that the season is just commencing.

Messrs. Robinson Bros., bankers, No. 78 Fourth avenue, furnish the following quotations of active stock on the Philadelphia Stock Board to-day:

Penna. Central	55¼	55⅜

The prevailing rate for call loans in Philadelphia is still 6 per cent., though 5 per cent. is taken freely for balances on first-class collaterals. Business paper moves slowly, and good names are readily placed for the summer months at 7@8 per cent. On the Stock Board there is a lack of spirit, but prices generally were firm. Sales of new City Sixes at 100; Lehigh gold loan at 94½; Reading Railroad sold at 58⅜@59; Pennsylvania at 55½; do. receipts at 55; Camden and Atlantic at 35½; Lehigh Valley at 61½, and Philadelphia and Erie at 25½. 121½ was bid for United Companies of New Jersey. The rest of the market was dull and partially weak. Sales of Lehigh Navigation at 41½.

NEW YORK, June 9, 1873.

Money was easy at 4 to 6 per cent. Sterling was dull at 108 5-16 to 109 for sixty days, and 110⅛ for sight. Gold was quiet, opening at 118, and closing at 117⅞@117⅞. Loans 4 to 6 for carrying. Clearings $69,000,000. The Assistant Treasurer disbursed $78,000. Governments were quiet and firm. State bonds were dull and steady. Stocks opened active and strong, with an advance of about 1 per cent. in Union and Pacific Mail, but under heavy offerings the market became depressed. After mid-day there was a recovery from the lowest in of from ¼ to ⅝ per cent., but the advance was not maintained. In afternoon dealings Western Union shares were weak on the reported sale of 46,000 shares to purchase a controlling interest in one of the opposition lines. In regard to the Ohio and Mississippi, it is stated the Directors recently authorized the issue of $1,000,000 seven per cent. bonds, to run ten years with an annual sinking fund of ten per cent. Of this amount $400,000 has been taken by the Directors at 80. One half of the proceeds have been used to pay off the floating indebtedness and the balance to buy steel rails. No more of these bonds will be issued until the President of the Company returns from Europe. The chief fluctuations were as follows: Pacific Mail, 40, 41, 39¾, 40⅜, 39⅞, 40⅛ and 40½; Western Union, 85⅜, 85½, 84⅞ and 83⅝; Union, 27½, 28⅛, 28½, 28⅛ and 28⅜; C. C. & I. C., 30⅛, 30⅞ and 30⅜; N. Y. Central, 101⅜, 100⅞, 101 and 100⅞; Lake Shore, 91⅜, 91½ and 91⅞; Rock Island, 108⅞, 108⅝ and 108⅞; Erie was dull and steady. The market closed feverish.

PITTSBURGH MARKETS—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 9, 1873.

ASHES—Market continues quiet, as it usually is at this season of the year, but there is no change to note in prices. Common Soda, 4¾@4½, refined, 6@6¼. Nitrate, 4½@5. Pots, 9@9½; Pearls, 11. Black lead is still quoted at 6. Manganese, 6½. Arsenic, 5; Fluor Spar, 2½.

ALE—Standard Pittsburgh brands are quoted as follows: X, $8 per brl to city, and $9 to country; XX, $10; India Ale, 11; half barrels in proportion.

APPLES—The receipts are not large but the supply is fully equal to the demand and prices remain unchanged, ranging from $2.50@3.50 per brl for common to prime, and $4 for choice.

APPLE BUTTER—The supply, especially of good stock, is very much reduced, as it always is at this season of the year, but there is not much inquiry, and prices remain unchanged, ranging from 50 to 55c per gallon.

BUTTER—The market continues quiet, and no immediate improvement is anticipated—commission houses are receiving but little, as in consequence of the unsatisfactory condition of the market, they have been and are still discouraging consignments; prices however, are nominally unchanged, ranging from 8 to 12 for inferior to common, and 15 to 18 for prime to choice.

BEESWAX—Quoted at 35@36c ℘ lb.

BAGGING—Penn Mill two bushel bags, 35c; two and one-half bushel, 42; three bushel, 50.

BEANS—$2.75@3.25 per bushel, the outside figure for choice navy.

BROOM CORN—As noted in our last, is considerably firmer, caused by rumors that the next crop is likely to be a partial failure, and prices are a shade higher: we now quote at 3½@4c for red; 5@5½ for green, and 7½@8½ for hurl, according to quality.

COUNTRY BACON—Appears to be coming in more freely, and with a diminished demand, caused mainly by the hot weather, the market is weak, and prices are lower: we reduce our quotations to 5½@6 for Shoulders; 7½@8 for Clear Sides; 9@10 for Hams. Country Lard, 8@8½.

CHEESE—Continues to come in freely, but with a steady demand, there is no accumulation of stock, and prices are fully sustained; sales in a jobbing way at 12 to 14c per lb., the outside figure for choice Factory. Choice Ohio Sweitzer quoted at 17@18.

CANNED GOODS—Trade continues quiet and the indications are that a good many Peaches will have to be carried over until next year, although holders regard them as good stock, being confident that prices will not go any lower. Sales in a jobbing way at $3 for 3 lb. Peaches; $2.00@3 for Winslow's Corn, and $2.40@2.50 for Tomatoes.

CARBON OIL—Is quiet and unchanged; 16 by the car load, and 16@2c more for small lots.

COTTON, SHEETING and YARNS.—Penn Mill A, No. 1, 4-4 Sheeting, 12½c; Nonatook, 12c; Pittsburgh Family, 11½c; Juniata B, fine, 11c; White Carpet Chain 35c; Colored, 45c Cotton Batting, 18; Cotton Twine, 38.

CEMENT & LIME—Louisville Hydraulic Cement, $2.00@2.50 per barrel; Calcined Plaster, $4.25@4.50; Land Plaster, 3@3.25. Cleveland and Perrysburg Lime, $1.75@2; Eastern, $1.50@1.75.

CORDAGE & ROPE—Manilla rope, 1½ inch in diameter and upwards, 19 cents ¾, 19½c; ⅜ and 5-16, 20c; tarred rope and lath yarn, 18½c; and hay and leather twine, 18½. Sisal rope—⅜ and 16 inch diameter, 11¾c; 5-16, 17; ¾ and upwards, 18; hay and smoke twine, 17. Oil well drilling cables—hawser laid, 19c; do. bolt rope and yarns, 20; Sand pump rope, 19.

DRIED FRUIT—There is no improvement in the demand, nor is it expected although holders generally are anxious to close out; prices, however, are nominally unchanged. Peaches, 5½@6c for halves; 4@5 for quarters and mixed. Apples, 8½c. Blackberries, 9@10. Pitted Cherries, 18@20, unpitted, 6@8c.

EGGS—The receipts during the past week have been comparatively light, and while the hot weather has, as might be expected, reduced the demand, yet the market is firmer and prices a shade higher: we now quote at 16@17c.

FIRE BRICK—West Virginia, $18 to $20; Bolivar grades, $40; Star, $45; Woodland, $55; Mount Savage $65.

FEATHERS—Live geese feathers may be quoted at 73@75c per lb.

FLOUR—Trade has been quiet during the past week, unusually so, and the market is weaker, although there is no quotable change in prices: sales in a jobbing way at $7.50@8 for Spring wheat flours: $8.75@9 for western, and $9.50 for city red winter wheat. The advices from Liverpool are not of a character calculated to inspire hopes of higher prices; New York and Chicago, in fact, nearly all the leading markets, are reported off-fish and dull—however, there must be a reflection in wheat before we can look for much shrinkage in flour, as the product must be controlled by the raw material.

GRAIN—The market for all kinds of Grain has been dull during the past week, caused by increased arrivals, a stronger disposition to sell and a diminished demand, hence, prices are weak and drooping. There is little or no demand for Wheat for the time being, as the mills are all full, and notwithstanding stocks in the hands of dealers are small, and the offerings in consequence, are limited, prices are lower; we understand that it is difficult to obtain over $1.70 for good red, a decline, though temporary it may be, of five cents ℘ bushel. White wheat may be quoted at $1.85@1.90. The market is also dull and weaker, and with increased receipts and stocks accumulating, prices are weak and lower; we reduce our quotations to 46@48, as to quality. Shelled Corn, notwithstanding the receipts continue light and the supply in this market is very much reduced, is dull and prices are lower, ranging from 56@58. There is little or no inquiry for Ear Corn, except in a jobbing way, and prices are entirely nominal. The receipts and offerings of Rye have been unusually large, mostly consignments, and as there is not much demand for it—in consequence of the dull and unsatisfactory condition of the whisky trade, prices are weak and lower, we quote nominally at 85@90. There is no movement whatever in Barley, and there is little or none offering, and as the weather is too warm for malting there is no demand for it.

COFFEE—Choice Rio, 25; Good to Prime, 22@23½c, fair 21@21½c. Old Government Java, 31c; other Javas, 26@28c; Roasted Rio, 1 lb packages, 28c; loose, 27½c. Roasted Java, 33½.

SUGARS—Patent Cut Loaf, 12½c; Crushed, Granulated and Powdered, 11½; Standard A, 10½; B, 10¼; Ex. C, 10⅛c; C, Yellow, 10¼; Circle C, 10⅛; Lower grades, 9@10.

SYRUPS—White Drips, 65; other grades ranging from 60 to 40, as to quality.

RICE—Choice Carolina, 9; prime, 8½; Patna, 8@8½; Rangoon, 7½@8.

MOLASSES—Choice New Orleans, 73@75c; Prime 70@72.

FISH—Large Shore, No. 1, 25.00 per barrel; Med Shore No 1, $23 per brl Bay No. 1, $21 for ½ brls, quarters and kitts, 32c more. Lake Herring halfs, $3.75 Lake herrings, quarters, 2.15; White fish, $8.

SUNDRIES—Pennsylvania Concentrated Lye, $8; Philadelphia, $7.75. Bi-carb. Soda, kegs, 8c; Boxes, 8½c. Hummel's Extract of Coffee, $4; Oswego & Duryea's Corn Starch, 11 silver and satin, 10. Buffalo Corn Starch, 10; Buffalo Gloss Starch, 9. Pearl Starch, 5. 5 lot, $2.85 per bag. Lead, 12. Wheeling Tobies, $10.50.

HAY—The market for Baled continues very dull, and with a supply considerably in excess of present requirements, prices are lower, and we reduce our quotations accordingly, $20@26 per ton. Some dealers expect an improvement within the next week, as there usually is at this particular time, but whether there will be this year or not, it is difficult to say; to say the least, the indications do not seem to be as favorable as in former years, because there seems to be considerable stock remaining in first hands. Loose hay was higher in Allegheny, on Friday last, as the supply was scarcely one third as large as it was on Tuesday, and prices in consequence ruled higher, ranging from $25@37.

HIDES—Following are the ruling quotations Green Salted Steer Hides, 11½@11¾ Green Salted Mixed, 11½@11¾ Green Salted Cow, 11@11½; Green Butcher steer, 8@9; Green Butcher cows 7@8; Green Butcher bull hides, 6; Green Salted Kip, 0.15@0.14; Green Salted Calf each, 1.20@1.60; Green Butcher's Calf, 12; Flint Hides nominal at 22 cents.

LEATHER—Following are the current rates for the various descriptions: Oak Sole, heavy, 40@41; Oak Sole, med and light, 38@39; Oak Sole, Spanish, 30@33; Red Sole, B. A. heavy and mid, 31@33; Red Sole, Oronoco, 30@31; Red Sole, good dgd, 26@28; Shoe Skirting, 42@43; Shoe Skirting, trimmed and sold at original weight, 43; Rough Oak Leather, 35@36; No. 1 Pad Skins, per dozen, $7.50@8; Harness best city, pure oak, 41@44; Harness, best country, 39@41; Harness, ordinary oak, 35@36; Fair Skirting, 44@46; Fair Bridle, per dozen, $60@66; Black Bridle, per dozen, $50@60; Band Leather, per lb, 38@41; Finished calf, country, $1.10@1.40; French Calf, 1.60@2.50; French Calf, imitation, 1.50@1.55; Wax upper, per foot, 22@27; Wax Kip, per pound, 90@$1.

LUMBER—Following are the yard prices: Unplaned lumber—Clear $65 per M; first common $50; second common, 40; third, $27; sheeting, $22. Hemlock, joist and scantling, $20. Pine frame lumber, $28. Planed lumber—first common, $60; clear, 70. Flooring Boards, $35; partition do. $45; shelving on both sides, $35; on one side, $33. Molded weather boarding, $37; ⅝ inch patent planed do. $35; ½ inch unplaned, $20; inch vertical, $33. Oak and Yellow Pine Flooring, $45. Moulded Battens, 25c. No. 1 18 inch sawed Shingles, per M, $6.50; No. 2, 18 inch do. $5. Pailings, four and 5 feet, 35c. Locust Posts, 50. Lath, $4.50.

MILL FEED—Continues very quiet, as it usually is at this season of the year, but there is no change whatever in prices. Bran is quotable at $18@20 per cwt. Seconds, $20@21. Middlings, $1.10@1.20.

OILS—No. 1 Lard Oil 75@78 No. 2, 65; Linseed 98@$1. Whale W. B. 88@90; Bank, 78 Straits, 80 Cod $1.50@2 Spirits of Turpentine 58@62.

ONIONS—Are in fair supply, but prices are sustained, ranging from $7 to $7.50 per brl for new crop.

PEA NUTS—The demand continues light, but there is no change in prices, which range from 2½@4½c per lb.

POTATOES—With increased receipts and offerings, and as the market is pretty well supplied prices are weak and drooping, may be quoted at 75@85c per bushel by the carload, according to quality, 90@$1 in a jobbing way from store.

POULTRY—Live chickens, quotable at 75@85c per pair according to size.

PROVISIONS—Sugar Cured Hams per lb, 14½c; canvassed do., 15c; Sugar Cured Shoulders, 8½c; canvassed do, 10c; plain do, 8½c; Rib Sides, 9¾c; Clear Rib Sides, 10c; Clear Sides, 10¼c; Clear Breakfast Bacon, 12½c, canvassed, do, 13c; Sugar Cured Dried Beef, 18½c, canvassed do, 19c; Mess Pork, $17.50 per bbl. Beef tongues, $7.50 per dozen; Prime Leaf Lard: in trcs, 10c; refined in trcs, 10c; Prime Leaf, half bbls, 11c; kgs, 11¼c; Lard in 5 lb. caddies, 12½c; do in 5 lb. 12½c; do. in 3 lb. pails 13¼c: do. in 5 lb. pails, 13¼c: do. in 6 lb. pails, 13½.

RAGS—Quoted at 3¼@3¾c.

SEEDS—The receipts and offerings of Flax Seed continue very meagre, and with a steady demand, prices are fully sustained at $2.10. No call for either Clover or Timothy Seeds.

WHISKY—Highwines quotable at 95@96c per gallon.

WHITE LEAD—There is a continued steady demand, and prices are firm but unchanged, strictly pure in ton lots, 12c; smaller lots, 12½; these are the combination rates. In tin packages, one-half to one cent per lb extra.

WINDOW GLASS—Continues very dull, and as noted in our last report, a number of the factories have put out their fires, and it is expected that nearly all will be out by the middle of this month; the result of this will be, in the event of there being any demand at all, a firmer market, and very likely discounts will be reduced: there is, at least, it is so alleged, by those who are in a position to know whereof they speak, no margin at present prices, hence, it follows, with the production reduced, that higher prices are likely to prevail. We continue to quote 60 and 5 to 60 and 10 per cent. discount off present card rates, that is for round lots.

In addition to the 43 cars above noted, there were fully two cars driven in from the adjoining country, making 45 cars in all, or calculating 17 to the car, 765 head, showing a considerable falling off as compared with last week. It would naturally be inferred, as the supply was comparatively light, that the market would have been considerably stronger, and that sellers would have been able to establish an advance: an attempt was made by some of them to force prices up a fraction, and while in some instances it may have been successful, as a rule, it was a failure. Big heavy cattle were again at a discount and nice light steers, weighing say from 1,050@1,150 were at a premium—the latter sold much quicker than the former, and in some instances better prices may have been realized. However, drovers generally reported the market as being very unsatisfactory, some of them claiming in consequence of the heavy shrinkage in weight, that they scarcely got out with a whole skin, and there were but few of them, from what we could learn, that realized more than a commission. That the market was not an active one was evident from the fact that, notwithstanding the reduced supply, there were a good many odds and ends unsold at noon, and the fact that sellers were all anxious to close out adds additional force to this point, as there was no inducement to hold over, particularly cullings, or as the drovers term it, "tail ends."

The very best butcher cattle, weighing say from 1,100@1,300 lbs, fat and smooth, brought from 6½ to 6¾. Milt. Varner reported having realized 7c for a few, but they were fancy, and 7c may be considered a fancy price. Prime 1,000@1,050 butcher steers sold at 6¼@6¾, and fair do, same weights, 5¾@6. There was but little inquiry for stock cattle and prices are barely maintained. The demand seems to have been pretty well satisfied for the time being, and we presume that the dry weather is not without its effect in curtailing the inquiry. Bulls continue dull but without quotable change, ranging from 3½@4½, as to quality. Fresh cows, of which there was a fair supply, brought from $25@50 ℘ head.

M. Flinner sold 5 fresh cows at $200 for the lot; or $40 each, 2 steers, and 2 cows at 4¾.

Lowenthal & Farlen report 1 car of fair to prime butcher stock at 6@6.40.

Louis Gerson sold 1 car, same as above, at 6@6¼, weighing from 1,100@1,150 lbs.

Jacob Shamberg sold 1 car of fair to extra butcher stock at 5.80@6.75.

Sol. Trautman sold 37, about same as above, at 5.75@6½—reported market bad.

Greenwald & Kahn, 14 still and corn fed bulls at 4@5c; 55 fair to extra butcher steers at 5¾@6¼.

M. Kraus sold 2 cars fair to good light butcher stock at 5¾@6¼.

E. Katz sold 21 at 5½@6¼.

Sadler, Havens & Co. sold 2 cars rough butcher stock at 5½@6¼.

Zeigler & Lobman 2 cars at 5½@6¼.

Nicholas Carr one car of fair to good butcher cattle at 5½@6¼.

Davis & Rush report 10 small Green county stockers at 5½@4¼—weighing 600 to 800 pounds.

Hazlewood & Blackstock disposed of two cars of Chicago stock and a lot of bulls, but we did not get their figures.

W. Moonshine sold 35 butcher cattle from Chicago at 5¼@5¾.

James Hanlin sold 14 mixed Washington stock at 4@5c.

Haas & Rothchilds sold 47 head of good to extra butcher cattle at 5¾@6⅜.

Smith & Kraus sold 29 head of steers weighing 900 to 1,100 lbs., at 5¼@5⅞.

Holmes, Lafferty & Co. sold 35 head of Chicago stock at 5.70@6.25.

Orr & Williams sold 1 car fair to good Chicago stock at 5⅝@6¼, 1 car still fed bulls, 3½@4¼.

M. Varner 3 cars butcher cattle from Chicago at 5@6¼.

James Hunter 1 car butcher stock from Chicago at 5½@6¼.

SHEEP & LAMBS.

There was a fair supply on sale, about 1,500 head, and with scarcely an average demand trade was slow, and sellers generally reported the market as having been a very unsatisfactory one, although there was no quotable change in prices, as compared with last Monday, and with the exception of one lot of lambs, which the buyer refused to break, late in the day, the pens were pretty well cleared at the close. Sheep may be quoted at 6 to 6½ for extra to fancy, 5¼@6 for good to prime; 4½@5¼ for common to medium. There was a bunch of 40 extra Ohio wholesaled at 6.15. Lambs sold all the way from $2.50 to $5 per head, according to quality and condition.

Henry Nagle sold 25 good lambs, and 9 sheep at $3¼ ℘ head—all sold together.

M. Flinner sold 20 lambs at 4½ per head—cost $5 in the country; 20 sheep weighing 100 lbs., rough but fat, 4½c.

F. Hector sold 37 lambs for P. M. Snyder at $2.75 to $4 ℘ head; 65 sheep for same party at 4½@5c ℘ lb.

R. McCaslin sold 75 sheep at 5 to 6c ℘ lb; 40 lambs at $3@3½ ℘ head.

Isaac Ackerman reports 14 Washington Co. lambs at $4¾ ℘ head; 80 sheep at $4 ℘ head to 5¼@5¾c.

S. A. Vandever, of Beaver Co., reports 50 lambs at $2 to $4¼ ℘ head, 30 sheep at $4½.

Fowler & Walters sold 15 sheep at $4 ℘ head, 67 lambs at $3 to $4.

Joseph Stakely, 17 lambs, $3¾.

Peter Sheitemantle reports one hundred head at $4 to 5 cents ℘ lb for sheep, and $3 to $4 ℘ head for lambs.

M. Moses reports 85 head at an average of $3½ per head for lambs, and $4¾ for sheep.

James Hanlin had 60 sheep which, not being willing to sell at prices, drove to East Liberty.

John Montgomery sold 10 sheep at $4 ℘ head, 91 lambs at $2@4½.

John Gallagher sold 19 Allegheny Co. lambs at an average of $3 ℘ head.

James Norris sold 48 Washington Co. sheep at 5¾@6c ℘ lb.

James Shaw sold 72 head at $2¾@3½ for lambs, and at $3 to 5c ℘ lb. for sheep.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 9, 1873.

The Crude market, as compared with Saturday, has undergone no important change as regards prices, but the feeling was one of firmness, and the tendency continues upward; sales were reported at $2.35 per brl. at Parker, equal to about 6½c per gallon here. There has been a heavy demand for some time past, and this accounts for the recent advance; as soon, however, as there is a lull in the demand which is likely to occur soon, in consequence of recent heavy purchases, a reaction will likely take place, and lower prices will prevail. Refined continues quiet and unchanged; quotable at 15¾ on cars here, and 19½ delivered in Philadelphia.

Oil Barrels in very limited supply, and prices are firm but unchanged; city make quoted at $2.25, and country at $2.15.

Receipts Pig Metal, Ore and Blooms.

Sheep: receipts 230; market quiet; only a local trade at unchanged figures.

PHILADELPHIA, June 9.—Cattle: market weak this week; prices favor buyers: sales 2,150 extra Pennsylvania and western steers at 7¼@7¾; fair to good $6.25@7.00; common 5@6. Sheep in fair demand; sales 14,000 at $5.25@7.50. Hogs: market dull and lower; sales 5,000 at $7.25@7.50.

ST. LOUIS, June 9.—Cattle unchanged; fat Indiana and Texas $3.25@3.75; fair butchers' $4.75@5.25. Hogs dull at $4.75@5.25.

DRY GOODS.

NEW YORK, June 9.—The market for cotton goods is quiet as generally unchanged prices in first hands, but there was a fair jobbing distribution to the near-by trade. Glazed flat fold cambrics are jobbing at 7½c. Prints are quiet, except for job lots of white grounds and medium effects. Shawls are dull and a regular line prices. Cloths, overcoatings and heavy cassimeres for men's wear are sought for by clothiers at current rates. Satinets and jeans are sluggish. Foreign goods are inactive.

LUMBER.

CHICAGO, June 9.—The receipts of lumber since Saturday are very large and the market ruled dull; buyers generally holding off; seem cargoes were sold at a decline of 50c per M; joists and scantling $9.00@9.50; strips and boards $9.50@16; shingles $2; lath $2.50.

RIVER NEWS.

The stage of water last evening was about 3 feet 4 inches and falling slowly. Weather cloudy and warm, with strong indications at times of rain.

No arrivals or departures since the date of our last report, and navigation for the time being may be considered suspended.

The Arlington, en route from Cincinnati to Memphis, is reported as having collided with a coal barge at Rising Sun, staving in one of her guards. We presume, however, that she was able to continue her trip, although she may have been damaged worse than is reported.

Capt. John L. Rhodes arrived here from Cincinnati on Saturday, where he was engaged in having the Exchange docked and repaired. He says that as soon as she comes off the dock, he will load her for this port. The chief object of Capt. Rhodes' visit here just now is to take the necessary steps to have the McMillan steam capstan matter carried up to the Supreme Court where he hopes to have the decision of the Court below reversed. Captain R. will return to Cincinnati to-day.

The Mollie Ebert is announced to leave St. Louis for this port to-day.

—The St. Louis Globe is responsible for the following: Mr. James Lamb, the well-known apothecary of the late lamented Mary E. Forsythe, came near being lost when she foundered, and nothing saved him but the religious education that he received when young. He secured an oar and was using it as a float, when a whale coming along took him in, oar and all. Making the best of the situation, he looked out forward, and found that the monster was making out to sea. Recollecting the legend of Jonah, he immediately made use of the oar, and rounded him to and steered him ashore, thereby saving his life and securing several hundred barrels of oil. "Good enough for Jim."

—A warrant in bankruptcy has been issued out of the District Court of the United States for the District of Louisiana, against the estate of John Haeberle, of New Orleans, in the parish of Orleans, State of Louisiana, adjudged a bankrupt, upon his own petition. Haeberle has been the owner of several Red River steamers, and some time ago was wealthy, and considered perfectly solvent. His liabilities are about $86,000, $12,000 of which consist of E Conery, Son and Co.'s claims.

—As to the late sales of steamers in New Orleans, by the Marshal, we learn as follows: E. Conery Son & Co. bought the Rapides, on Monday for $5,800; she cost $27,000, and is 4 years old. The D. L. Tally was sold Monday to Wilson & Fagin for $6,000. She is only two and a half years old, and cost about $20,000. These purchases were made by heavy creditors to save themselves. The B. L. Hodge was put up by the Sheriff, but there was not a bidder. It is presumed the Marshal will get possession.

—Com. W. F. Davidson, of the Keokuk Northern Line, has contracted with M. Wise & Co., Ironton, O., for the hull of a new towboat, as follows: Length, 145 feet. Width, 26 feet. Hold, 5½ feet. Plank, 3½ inches thick. Timbers, 3½ by 7 inches. Deck, 2½ inches thick. Deck beams, all oak.

—Capts. Thomas and John Poe, of the Mary E. Poe, are mentioned by the St. Louis papers as being about to start for Cincinnati. They have laid their boats up.

A Remarkable Escape from Death.

On Sunday night two men ascended the new steps going up Troy Hill. They had got up to the first turn, when they lost the path, and one of the men was buried over an embankment, and rolled down some thirty feet, to another embankment about forty feet, down which he rolled also to the bottom. Remarkable to state he was not injured any further than receiving a few slight bruises.

Slight Fires Last Evening.

The alarm of fire from box 56 at about half past ten o'clock last evening, was occasioned by two barns, some sheds and a grape arbor burning in a vacant lot in the rear of Captain Brennan's residence, corner of Cliff and Gum streets, Eleventh ward. The damage will amount to about one hundred and fifty or two hundred dollars. Its origin is unknown.

The alarm from box 31 at about quarter past eleven o'clock was occasioned by a slight fire among some shavings in the cellar of a two story brick on Scrip, near Strawberry alley, in the rear of the Gas office. Damage trifling.

Sabbath School Teachers Union.

The regular monthly meeting of the United and Reformed Presbyterian Sabbath School Teachers' Union, will be held this evening in the Fifth United Presbyterian Church, corner Washington and Webster avenues.

Rev. W. J. Reid, pastor of the First U. P. Church, and author of the notes for teachers in the Christian Worker, the Sabbath school organ of the U. P. Church, will teach a class of teachers on the lesson in the uniform series for next Sabbath, viz: "Prophetic Blessings," Gen. XLVII: 15, 16 and XLIX: 8-10.

Sabbath school workers and friends of the cause of all denominations are cordially invited.

Double Smash Up.

There was a double smash up on the Allegheny Valley Railroad at Emlenton Saturday morning. Freight train No. 17 had been divided into five sections, of which several were following each other closely. At 6:15 the third section was standing on the main track at Emlenton, when section four came along at a rapid speed from Foxburg, and ran into the rear No. 3 with fearful force. The locomotive was totally wrecked, the caboose knocked into fragments, and half a dozen oil and coal cars badly damaged. Ere the officials had recovered from the excitement of the collision, the fifth section approached, running into the rear of the fourth, and repeating the destruction of a few moments before. The locomotive was terribly damaged, several cars were smashed, and the drawheads and end sections of others broken. No person was injured. The damaged locomotives were Nos. 53 and 59.

The Lamberton Bank Securities.

Our readers will remember the sad suicide of the Cashier of Lamberton's Bank, at Franklin, a few months ago, and the attempt of the man, previous to shooting himself, to destroy the Bank's securities. A Washington correspondent, under date of last Thursday, says, of the attempt to restore the securities: "Treasury experts have finished the work of restoring the securities of the Lamberton Savings Bank, Franklin, Pa., which were thrown into the fire by the insane cashier. Of $140,000 Government bonds, all were identified. Of the $64,000 railroad and municipal bonds, all were restored. Of $150,000 notes and bills receivable, all were restored or made good by the parties interested. The only loss of the bank has been two or three thousand dollars in currency. When received at the Treasury the whole mass appeared to be ashes and charred remnants of papers. The experts were Mrs Davis, Miss Patterson, and Miss Schrimer. The time occupied was about five weeks of clear days. The work was of such a delicate nature that it could not be prosecuted in cloudy weather."

Slusser's Patent Self-Loading Excavators.

Having heard some time ago that these remarkable implements were in use very successfully and advantageously on the work now progressing at Brilliant Hill and Highland Water Basins, we availed ourselves of a few leisure hours yesterday to visit the work, where we found twenty-five of these truly wonder excavators, each drawn by three horses abreast. They moved in procession, forming a long line, the driver perched upon an elevated spring seat that resembles a sportsman's sulkey, having within reach the control of two levers; when the excavator is passing over the ground to be transferred, he touches one of these levers, and the plow shaped shovel or scoop, acting on hinges drops into the ground like a plow, and while thus dropped continues lifting the loosened earth to an elevator which revolving on an inclined plane carries on the lifting process until the earth box, with which it communicates, is filled with a cubic yard of earth. The shovel is then raised out of the ground and the team, not having been stopped for a moment, proceeds, preserving its place in the long procession until it reaches the spot where the cubic yard of earth is required for an embankment, when, still without stopping even for a moment, another lever is touched and the earth-box is emptied and thus during the whole day this gang or procession drives on transferring thousands of yards of earth from where it is not needed to where it is needed. We had never seen this really wonderful machine before and were quite surprised to observe how simple in construction, easily operated and amazingly efficient it is. We have read that with *faith* one could remove mountains. If we had such faith we would like to have it supplemented with one or more of Slusser's patent excavators, before we contracted to remove a mountain within a limited time; with the aid of these, however, the Moslem Prophet might have made the mountain obedient to his command, and so saved himself the humiliating necessity of going to the mountain that would not come to him. We learn that the use of these machines by Howard & Son, the contractors for the basin work at Highland and Brilliant Hill, will save them some $30,000 on their estimate of the cost by the old methods.

We advise all who are interested in heavy and expensive excavations, gradings, &c., to examine the practical working of the "Excavator." They are manufactured by G. G. Haslop & Co., at Sidney, Ohio, but the exclusive right to vend or use them in Allegheny county has been secured by Messrs. Case & McPherson, whose office is at the "Eastern Exchange," East Liberty, who own the machines we saw at work on the water basins and others on Fifth avenue; at either of these places the curious in such matters can see them in full operation every day. We think it a subject of public felicitation that Messrs. Howard & Son the contractors are to have the valuable aid of these excavators as the work so much needed will thereby be greatly accelerated and completed some months sooner than had been possible without them.

ATTEMPTED SUICIDE.

An Old Man Cuts his Throat with a Razor in Allegheny.

John Miller, residing corner of Green and Chestnut streets, Allegheny, some days ago sold his property, and, as he thought afterward, at a loss. Mr. Miller is an old man, being sixty-nine years of age, and the bad bargain he supposed he had made, preyed so heavily upon his mind that on Sunday morning he procured a razor and cut a terrible gash across his throat, cutting the windpipe, but fortunately not severing an artery or the jugular, intending to commit suicide. Dr. Easton was summoned and dressed the wound. He has considerable hopes of his recovery.

A BRUTAL ASSAULT.

Desperate Affray on the South Side—A Man Very Dangerously Beaten.

On Sunday evening two men named Patrick Clark and Michael Rogers were out boat riding on the Monongahela river. On their return Rogers took the skiff to its owner, and Clark, with the oars, went to Roger's house, where he boarded. When Rogers came back he found Clark sitting at the supper table and asked him what he had done with the oars. His answer was not a soft one, consequently it did not turn away the wrath that was beginning to effervesce. A war of words was at once commenced, when Clark assaulted Rogers with dishes, plates and everything on the supper table that he could lay his hands on, wounding him very severely about the head and face. Mrs. Rogers interfered and temporarily stayed the assault on her husband, and, putting him in a side room, locked the door. Clark, however, it is said, bursted the door open and renewed his attack upon Rogers beating him in a terrible manner. He was arrested by Deputy Mayor Barker's police, and committed to jail to await the result of Roger's wounds. The physicians certify that his life is in great danger, and it is possible that erysipelas may set in with fatal results.

At roll call the following members answered to their names: Messrs. Abl, Aiken, Atkinson, Atterbury, G. A. Brown, R. B. Brown, Burgwin, Chalmers, Chess, Dannells, Dietrich, Dorrington, Doyle, Duncan, Darling, Elder, Fetterman, Foster, Froelich, Galvin, Goldthorpe, Hains, Hays, Herron, Hunter, Jeremy, E. P. Jones, Kernan, Kirk, Kline, Laufman, Liddell, Lloyd, Littell, Marshall, Montooth, Morrow, McClurg, McCandless, McCune, McKee, McMahon, O'Neil, Pearson, Rafferty, Rayburn, Riddell, Schmit, Schultz, Scully, Seely, Shipton, Smith, Thompson, Watson, and Zern.

The reading of the minutes was dispensed with.

Mr. MONTOOTH, petition of Henry Maeckie, for damages for grading and paving of Hartfield street. Referred.

Also, petition of Abeline Fuchs for privilege to erect a frame house. Referred to Building Inspector.

"SNYDER'S SQUARE."

Mr. MCCUNE, a memorial from Mrs. Elizabeth Denny in reference to what was known as Snyder's square—a block of ground between Twenty-ninth and Thirtieth street and between Penn avenue and Liberty streets which had been donated in 1836, as a free gift from her, as a public square, on condition that the ground be properly fitted up. That it had never been so improved by the city and that she, Mrs. Denny, had paid all the taxes on the same and for improvements surrounding. She now desired either that the city take it or decide otherwise unequivocably so that she could resume possession. Referred to Committee on City Property.

Mr. E. P. JONES, petition for change of grade on Fifth avenue, Fourteenth ward. Referred to Survey Committee.

BOARD OF TRADE.

Mr. LLOYD, a resolution granting business men the use of the Council Chamber for a public meeting to organize a Board of Trade at such a time as they might choose. Adopted.

Mr. WATSON, resolution for the opening of all streets between Garrison wall and Tenth street to the Allegheny River. Referred to Street Committee.

AN "EXPOSITION."

Mr. SMITH, a resolution directing the Mayor to call a public meeting to devise means and plans for establishing an exposition and mechanics institute in the city, and extending an invitation to citizens of Allegheny. Passed.

Mr. KIRK, an ordinance repealing an ordinance for improvement of Butler street.

Mr. KIRK moved to suspend the rules to take up the ordinance; lost, and laid over on first reading.

Mr. AIKEN, resolution in relation to gas lamps on Ellsworth avenue. Referred.

CLEANING STREETS.

Mr. HAINS, resolution instructing Street Committee to have streets in 30th ward cleaned and put into a good condition.

Mr. CHALMERS moved to amend to include the whole city.

Chair ruled the amendment inadmissable, and the resolution passed.

Mr. GOLDTHORPE, remonstrance against board walk on Nevile avenue, 32nd ward. Referred.

Also, petition for water in 32nd ward. Referred to Water Commission.

Mr. FETTERMAN, remonstrance relative to width of Spring street, Thirty-second ward. Referred to Survey Committee.

Also, petition for survey of Sycamore street, same ward. Referred to Survey Committee.

Mr. MCKEE, a resolution for opening of extension of Walnut street, Thirty-fifth ward. Referred.

Mr. DARLINGTON, petition and ordinance for grading, paving and curbing of Virgin alley, Thirty-sixth ward. Petition accepted and ordinance under suspension of rules passed finally.

Also, petition from Messrs. Gray & Bell for right of way for coal road through Thirty-fourth, Thirty fifth and Thirty-sixth wards. Referred to Street Committee.

Mr. GROSS, petition from citizens on Fifth avenue for change of grade on that thoroughfare between Wilkins and Lincoln avenues. Referred to Survey Committee.

President GROSS now took the chair.

WOODEN BUILDINGS.

The Clerk read the opinion of the City Solicitor in reference to the contract between Joseph Keeler and the old borough of St. Clair for sewer on Quarry Lane street. The contract called for the payment of fifty per cent. in monthly estimates. The City Solicitor held that this was illegal, and that the borough and the city as its successors could not carry out the contract on such terms. Received and filed.

Mr. RIDDELL, report of the Committee on Markets for April, showing total receipts of $4,913.91, and expenditures $969 66. Filed.

Mr. O'NEILL, from the Committee on Wooden Buildings, reported ordinances granting privileges asked by Joseph Royston, John Moreland, and Julius Wolf. Report received and ordinance passed finally, under suspension of rules.

Mr. SCULLY, from the Committee on Roads, presented business which was disposed of as noted. Report for May: Approved ordinance for grading, paving, and curbing of Forbes street. Passed finally. Viewers' report on sewers on Neville street approved.

Mr. LITTELL, petition from citizens in the several wards for privileges to use the Van Voorhis road and street scraper. Referred to special committee of two from Select and three from Common Council. Select Council named Messrs. Littell and Scully.

Mr. FOSTER, resolution for gas lamps in Thirty fourth ward. Referred to Street Committee.

OLD BUSINESS.

Unfinished business was then taken up, as follows:

Ordinance for opening of McCandless avenue.

Mr. MCCUNE offered a remonstrance against the same.

A motion was made to refer to the Street Committee, which was carried, with instructions to report in Select Council.

Ordinance for opening of Homewood avenue. Passed finally.

Ordinance for issue of sewerage bonds for payment of costs of construction of sewers in East Birmingham.

Mr. RIDDELL offered as a substitute, by request, a general ordinance relative to grading, paving and sewerage on the South Side previous to consolidation. Both papers were temporarily laid aside until the City Attorney could be heard from. The City Solicitor subsequently approved the ordinances and they were passed finally.

Report of Police Committee approved.

THE EQUALIZATION SUIT.

Mr. PEARSON offered a resolution directing the City Attorney to enter appearance in the Court of Common Pleas at once in the case of Thos. Chadwick and others, in the bill of equity filed by them to prevent the city from levying taxes under the equalization ordinance, and to have the matter decided as soon as possible. Passed.

Plan of Euclid and Beatty streets; Ross, Forward and other streets; Miller, St. Clair and Negley avenues; change of line of Center avenue, profile of Charlotte street; Sheridan street and Cullin avenue; profile of Madison avenue; profile of Thirty-fifth street; profile of Halket street, profile of Burke street; profile of Stevens, Graff and Hampton streets; all of which were passed in C. C., were concurred in by S. C.

Ordinance repealing an ordinance in reference to signs. C. C. passed; S. C. concurred. Plan of Butler street; approved by C. C.; S. C. concurred. Resolution in reference to the repeal of an ordinance for the improvement of Thirtieth street, referring the same to a special committee; resolution passed, and Messrs. Aiken and Kirk appointed for S. C.

EQUALIZATION ASSESSMENTS.

Mr. MCCUNE, a supplement to the equalization ordinance, allowing appeals in 1873 from assessments under the same to be made to the Committee on Appeals from City Assessments and City Assessor.

Mr. AIKEN moved to amend by dropping the City Assessor, as it was like referring to a man his own work.

Mr. BURGWIN thought this was well taken. Aside from the incongruity of referring a matter to a man who had already sat upon it, he objected to the City Assessor on personal grounds. He knew of one case where the City Assessor had gone into an outer ward and assessed a house at $25,000, when he was told that it was an old house and probably did not cost half that. His reply was that "he is opposed to equalization and he'll make him pay."

Mr. MCCUNE objected to any such imputation upon an officer of the city, than whom there was none more faithful around City Hall. He had always done his work well, and any imputation against him would have to be substantiated by something more than a mere statement—a wanton assault upon him.

Mr. BURGWIN said it wasn't an imputation. It was a fact, and he was ready to give names. Further than that, the City Assessor had assessed property on one side of a fence $1,000, and on the other side less valuable property was assessed at $2,000, because it belonged to an opponent of equalization.

Mr. MCCANDLESS didn't believe in any such insinuations. He thought that the City Assessor should be on the committee to hear the appeals, as he could give valuable information that could not be gotten no other way.

Mr. MCCUNE held that, laying aside all personal feeling, the objection to the City Solicitor was not valid, because the assessments were not his, but those of the Board of Revision.

After some further discussion, the ordinance was finally passed.

BUTLER STREET IMPROVEMENT.

Mr. KIRK offered a preamble and resolutions in reference to Butler street improvement. The preamble set forth that as it had been freely asserted that the contract for laying wood pavement on that thoroughfare had been let to a contractor whose bid was $10,000 higher than one with a better pavement; and that as the statement had been made that some of the members of the commission had been approached with bribes, to gain their votes in letting the contract, that therefore a special committee of five be appointed, two from Select and three from Common Council to look into the matter, and, together with the City Attorney, to investigate the election of the commissioners, and the letting of the contract, and to take such legal steps in the case as might be deemed necessary, and that the Mayor be authorized to issue his subpoena for persons and papers.

The resolutions created considerable commotion.

Mr. KIRK stated that two of the Commissioners had told him they had been offered bribes for their influence. And farther, that when the Commission was elected it was with the express understanding that they would not put down a wooden pavement. They had disregarded the wishes of their constituents, and the whole matter should be looked into.

Mr. JEREMY asked if the gentleman (Mr. Kirk) was not interested in getting the contract for another party.

Mr. KIRK denied the slightest interest in the work, in any way.

Mr. LITTELL was opposed to a committee unless direct charges with specifications were named. They had had many such charges from the time of the founder of the Committee on Retrenchment and Reform, and yet investigations had never resulted in anything. He didn't believe in picking up every wild rumor and proceeding to an investigation. If distinct charges were made then they would have some substantiated basis to work upon.

Mr. MCCUNE said that the representatives from the Seventeenth ward said these charges were publicly made, and that ought to be sufficient.

Mr. MCMAHON, of the Seventeenth ward, said every allegation made in the paper presented was true.

Mr. MORROW was in favor of the investigation of bribery, but did not think they could now interfere with the contract, as it had been signed.

Mr. BURGWIN thought if the matter was referred to a special committee it would be properly investigated. He believed it was a case in which Councils should take action.

Mr. MCCANDLESS thought the charge was sufficiently direct to demand looking into.

The resolutions were then passed, and Messrs. Kirk and Riddell named on behalf of S. C., and Messrs. John Moore, Jones and Semple for C. C.

Mr. MONTOOTH offered a resolution for the appointment of a Committee of five to confer with the President of the Oakland Railway Company in reference to the settlement of differences between the city and the Company. Passed and Messrs. Montooth and Riddell named for S. C.

Adjourned.

COMMON COUNCIL.

THE COURTS.

Yesterday's Proceedings.

CRIMINAL COURT—JUDGE COLLIER.

The jury in the case of the Commonwealth vs. Isaac Snowden, placed on trial on Friday last, on a charge of fornication and bastardy on oath of Keziah Low, returned a verdict of acquittal, but directed the defendant to pay the costs.

A verdict of guilty was returned in the case of the Commonwealth vs. Mary Winn, charged on oath of Henry Kraeling with larceny and receiving stolen goods. The property stolen consisted of an overcoat of the value of thirty dollars and a packet of the value of one dollar.

On motion of the District Attorney a nolle prosequi was allowed on payment of costs by defendant, in case of the Commonwealth vs. David Brown, indicted on oath of John Elder, on a charge of malicious mischief, it being alleged that he maliciously damaged a fifty-five dollar wagon belonging to Elder.

A nolle prosequi was allowed as to Charles H. McGregor indicted for assault and battery on oath of Carl Herald; also in the case against Anton Weishar charged with false pretense in fraudulently representing that he had money owing him by an employer, thereby obtaining boarding of Mr. Joseph Welte to the amount of thirty dollars. The defendant was required to pay the costs in each case.

Jacob Meyer entered a plea of guilty as to the charge of stealing two dollars and sixty cents, belonging to Adam Dewald, and was convicted on a similar charge of larceny.

The jury is out in the case of the Commonwealth vs. Robert Morganroth and Andrew Kahl, charged with stealing a lot of cigars from the Allegheny Valley Railroad Company. A nolle prosequi was allowed as to William Fidell.

Mary Winn having been found guilty as to one indictment charging her with larceny and receiving stolen goods, entered pleas of nolo contendere in four other similar cases pending against her. She was remanded for sentence.

The case of William Davidson, alleged by Mr. Aber to have committed an unwarranted assault upon him about three weeks ago was next taken up. Jury out.

DISTRICT COURT—JUDGE HAMPTON.

The case of the Petroleum Oil Company for use of David Hostetter vs. the Standard Oil Company, previously reported, is still on trial.

COMMON PLEAS—JUDGE STOWE.

The first case taken up was that of James H. Hays vs. The Pittsburgh and Connellsville Railroad Company, being an action of ejectment in relation to certain land located on the line of the railroad. The jury, by consent of both parties, returned a verdict for plaintiff, with six and one fourth cents damages and costs.

The next case was that of John Forsythe vs. Frank W. Jenkins, garnishee of John Hutton. This was an action to recover on a judgment note. The jury found for plaintiff for one hundred and forty-nine dollars and twenty-nine cents.

The case of Robert Way, Jr., vs. James P. Hanna, surviving partner of Ira B. McVay, late partners as Ira B. McVay & Co., was next called up. This is an action brought to recover $2,000 damages arising through the alleged neglect of the defendant to protest a note at the proper time. On trial.

Hon. William McClelland, of Lawrence county, was, on motion of T. C. Lazear, Esq., admitted as a practicing attorney in this Court.

The argument list will be taken up in this Court after the conclusion of the case on trial

U. S. DISTRICT COURT.

[Before Judge McCandless.]

The Eureka Insurance Company and the Boatmen's Fire and Marine Insurance Company, both of Pittsburgh, by leave of Court, filed inventing libels in the case of James Gray and others vs. the steamboat "Charley McDonald."

In the case of Charles H. Paulson vs. Henry Gorman, a petition in bankruptcy, on motion of the petitioning creditors, the debtor was restrained from disposing of his property. In the same case Henry Gorman filed an answer to the petition of creditors, and demanded a trial by jury, which was ordered for October next.

W. R. Wales was brought before U. S. Commissioner McCandless on the charge of robbing the U. S. mails, and waived a hearing and was committed for trial.

A. J. PENTECOST, Auctioneer.

In our jaunt to the country yesterday we found it convenient to dine at the Eastern Exchange, kept by Mr. J. S. McPherson, an accomplished and popular host. If we had been a king he could not have been more zealous or successful in his efforts to please. Why is not a house so spacious, so well kept and so accessible, filled with summer boarders from the city. Many go farther and fare worse.

The Best.

Which is the best sewing machine? The Weed. And why? Because the "proof of the pudding is the eating," and the fact that the sales of the Weed are annually increasing shows that the Weed is becoming duly recognized, and that the more it is used the wider becomes its fame. Mr. F. C. Biggert, 116 Market street, has the Weed for sale, and is the exclusive agent here.

The order of the day at the great sale of those splendid lots in the 9th ward, Allegheny, on Thursday next.

Prompt sale on long time,

JAS. W. DRAPE & CO., Auctioneers.

"What Pleasures and Palaces" will be found in a very short time in the charming House of Refuge Property, in the Ninth ward, Allegheny. Attend the Great Sale of Lots there on Thursday next.

Our friend, James W. Drape, the well-known Auctioneer, will be on the grounds, and will be glad to meet you.

Always Ready.

What is always ready? Why the Weed Sewing Machine. No fits and starts with it. It is always up to the mark, and the good housewife never has the vexation of finding that the sewing machine, when not used for a day or two, gets out of order. The Weed is made for work and always is ready for use. Mr. F. C. Biggert, No. 116 Market street, is the agent.

Only ten minutes' ride from Suspension bridge to the magnificent Property at House of Refuge, in the Ninth ward, city of Allegheny. The Great Sale of the most delightful Lots now offered takes place on Thursday next by

JAS. W. DRAPE & CO.

Six years time to be given to purchasers of those beautiful Lots surrounding House of Refuge, in Allegheny City.

····On the 15th day of October last the gas was turned off from the lamps on Elm street, between Wylie avenue and Hazel street. Pedestrians who are necessitated to travel that thoroughfare are tiring of darkness and long for light.

····An employe of Messrs. Collins & Co., contractors on the Pennsylvania Railroad, was so badly injured on Saturday afternoon, by falling on a pick, near Brinton station, that he died on Sunday from his injuries. He leaves a wife and two children.

····Of the men against whom informations were made for riotous conduct on Fifth avenue on Sunday evening, in addition to Jim McClarren arrested then, but one more, John Kelley, has, so far, been secured. The officers are industriously searching for the rest.

····The commission appointed to improve Hiland avenue, under the Penn avenue act, has awarded the contract for grading to J. S. and W. Hastings at thirty-eight cents per cubic yards, and the curbing to P. C. Messick & Co. for seventy-five cents per lineal foot.

····Yesterday morning a timber wagon, on which was loaded an eight ton casting, and which was drawn by three double teams, broke down at the intersection of Smithfield and Liberty streets, dropping the casting between the railroad tracks, where it was still lying last evening.

····On Penn avenue, corner of Sixteenth street, a large and savage dog is allowed to roam at will. This animal is very vicious, and rushes at children that chance to come in his way. Much complaint about the dog is made in the neighborhood. He is supposed to be owned by a saloon keeper in the vicinity.

.... The *Leader* with its usual second-hand enterprise, yesterday afternoon announced that "for next year there will be thirty-five principals and two hundred and eighty assistant teachers in the schools of this city." Read that item in the GAZETTE of last Saturday morning.

····Two drunken men had a narrow escape near Carpenter station, on the Pennsylvania Railroad, on Saturday. They were sitting on the end of the railroad ties, when a locomotive whizzed by, escaping them by about four inches. They were stunned, and a mild ducking in the creek near by sobered them.

····A horse valued at one hundred and seventy-five dollars, owned by V. Beuser, of Allegheny, was drowned from Fairman & Henderson's wharf boat on the Monongahela river, yesterday morning, through the carelessness of the driver, who drove horse, wagon and himself over the wharf into the river. The driver was rescued.

····A wagon containing a number of people was upset in Allentown, on Sunday evening, and several severely injured. Mrs. Slater had her skull fractured and was bruised on the side. Mr. Slater was injured on the wrist, and Mr. and Mrs. Leech were bruised on all parts of the body. A little child of Mr. Slater's was only saved from a dreadful death by its father holding it up at arms length, and receiving the full force of the fall upon his left arm. Dr. Potter attended to them.

IMMENSE CLOSING OUT SALE OF THE OLD ALLEGHENY POOR FARM.

A few minutes' ride on the West Penn Railroad brings you right on the property.

Right at the station, West Penn Railroad. No hills; all level.

SALE TO LAST

all day. Train leaves West Penn station, on FEDERAL STREET, MORNING OF SALE, at 8:30, 9 and 9:25 A. M., and during the day.

AMPLE ACCOMMODATIONS ARE BEING made to accommodate

1,000

people on the day of sale.

The grandest sale of the season for many reasons. All persons who have purchased from the city of Allegheny at former sales have found that the terms were so easy, with no disposition to take advantage of purchasers.

WAIT

only one week and go and see the finest property offered this season. This property would not be in the market to day were it not for the reason that the new house has been built and almost ready to occupy.

FREE DINNER

will be served up on the grounds.

LONG TIME

to pay. One-fourth down and five annual payments, with interest.

BRASS BAND

in attendance on day of sale.

$20

down on the sale of each and every lot.

THE BEAUTIFUL

spot occupied by the Homestead affords one of the finest views of the surroundings. The choice spot of Millvale borough, planted with fruit trees, shrubbery, sold in vine cultivation, rich. This is the spot for a home. Buy at this sale and you will always be satisfied with your investment. It is the calculation to have the property vacated before the day of sale, the new house being nearly ready.

YOU NEED

no balloons to reach this property, nor diving bells to find your stakes.

If on the day of sale you should miss the train,

A FEW MINUTES'

walk will bring you to the spot.

SPECIAL SILK SALE.

Summer Silks at Less Than Wholesale Prices

Hugus & Hacke would respectfully invite public attention to their present large and complete stock of striped and fancy summer silks, which they are showing in every variety of style and color.

Having made very extensive purchases of these goods at the recent closing out auction sales in the east we are prepared to offer extraordinary inducements to buyers in this department, prices being from twenty to thirty per cent. less than the same qualities could be bought for a month ago. An inspection of our varied stock will convince all of this fact.

We have also just opened a full assortment of the best and most durable makes of Black Dress Silks, which we have marked at very low rates, and confidently recommend them to the attention of our customers.

HUGUS & HACKE,
Fifth avenue and Market street.

Good, Better, Best.

Messrs. J. Meyer & Son, Nos. 412 and 414 Penn street, (east of railroad bridge) have in store and for sale an excellent line of furniture, which, in the superior quality of its durability, style and finish, is not excelled by any other house East or West. Their goods are simply the very best as to material and workmanship. They have the exclusive manufacture of several new, neat and useful patents, among which is the Patent Bed Sofa, an article that stands without a rival.

Artificial Eloquence.

It has not been thought necessary to enter into flowery descriptions or make exaggerated statements in calling attention to the large and desirable lots now offered by the Pittsburgh and Castle Shannon Railroad Company. This property speaks eloquently for itself. Go and see it on Thursday, June 12th. Don't forget to make a memoranda of prices freely obtained in other localities, and compare them with prices at which you get property at Castle Shannon.

New Upholstering House.

Theophilus Roller, 150 Ohio street, Allegheny, has opened the above business, with a fine stock of Parlor Furniture as a specialty. He manufactures and has for sale his Patent Reversible Spring Mattress. Also a new and neat pattern of Bed Lounge for sale. 150 Ohio street.

House of Refuge Lots, in city of Allegheny, will, double, yes treble, in price in a very few years. Capitalists and speculators keep this in view.

The sale takes place on next Thursday, by

JAS. W. DRAPE & CO.

New Building Association.

Shady Side Building and Loan Association has now its charter, and recorded the same. Those who wish to have the right to vote, and nominate officers, should lose no time in securing stock, and paying in their initiation fees, as the election of officers will take place on the 17th inst. Shares can be had at 410 Penn street, from P. Lanigan, Secretary *pro tem.* Meetings every Tuesday in the Twentieth ward school house at 7 o'clock, P. M.

THE ALLEGED MAIL ROBBERS.

Hearing in the Case of Wales—A Statement from Mrs. Dudley's Attorney.

Yesterday morning W. R. Wales, the man who is charged with being an accomplice of R. L. Dudley in the mail robberies and forgeries, was brought before the U. S. Commissioner McCandless, and waiving a hearing, he was again committed to jail for trial. It is said that he has made a confession, giving a detailed statement of his connection with the mail robberies, but that the statement is kept carefully concealed. When Wales arrived in this city on Sunday, learning that Dudley was confined in the same jail with him, he sent a paper to him. Dudley asked who sent it, and when informed that Wales did, he replied that it had better be taken back, as he did not know the man. Dudley also refused to recognize Mr. Loomis, of this city, who was so energetic in obtaining his arrest. Wales is twenty-seven years old. For nearly two years he was Colonel's Orderly of the One Hundred and Twenty-eighth Ohio Infantry. His father is expected here to-day to secure counsel for him.

In reference to "confession" it may be said that whether such a document is in existence or not, it can be of no use, as against Dudley, because Dudley is only indicted as accessory before and after the fact, and that nothing could be done against him until the principal is convicted. In other words, Wales is the man who is charged with taking the money from the mail bags, and Dudley only aided before, and received the drafts and checks after the robbery. Wales then is the principal in the case, and must be convicted before Dudley can be punished, because the fact of the robbery must be proven by his conviction before an accomplice can be punished. Then if Wales is convicted, he could not give evidence, so that in any case Wales' evidence would be worthless in court.

Yesterday we published the statement of Mr. Charles Field in relation to Mrs. Dudley's knowledge of her husband's dishonesty. In reply to his card Mr. M. F. Dickinson, Jr., attorney for Mrs. Dudley, has published a statement, from which we take the following:

Mr. Dickinson states that Mrs. Dudley has never been arrested upon *any warrant*, as the record of the Court will show, and she was detained at the Sherman House nearly forty-eight hours without any authority. She has been within reach of process constantly since Monday, until Thursday, when she voluntarily returned to Pittsburgh in company with her husband, where she can be arrested if wanted.

Mr. Dickinson says that the suit against Elwell, spoken of by Field, is against all the other foreign detectives as well, and that he had an order for the arrest of all of them, but, though vigilant search has been made for them by the sheriff and the United States Marshal, none could be found except Elwell. Loomis left by the first train after Mrs. Dudley's release, Monday afternoon. The main part of the affair that Mr. Dickinson condemns is that five or six detectives should keep a woman shut up for forty-eight hours in a room for the purpose of extorting property from her and exercising the right to finally arrest her or not, just as they pleased.

TILL TAPPING.

How the Game is not Successfully Played at the National Hotel.

The till of the bar room of the National Hotel, on Water street, was tapped yesterday evening, but the outward flow of money was soon stopped by the arrest of the light fingered gent who was operating there. The bar keeper was temporarily absent from the room, and a man, whose name was then unknown, taking advantage of that fact, undertook to abstract the contents of the money drawer in the shortes possible time. He was not successful, however in filling his contract. It had only been partially completed when the bar-keeper returned and took the job off his hands. He caught the man in the very act of taking a considerable amount of money, some forty or fifty dollars from the drawer. He had got some of the cash in his possession, but not a very large amount, and after disgorging it he was taken to the corner of Water and Smithfield streets and given into the custody of a sub-policeman, who was temporarily on that beat. From him he immediately broke loose, and succeeded in making his escape. However he was subsequently arrested by officer Johnson, who conveyed him to the central station, where a charge of disorderly conduct was preferred against him.

He gave his name as John Short and it is claimed that he is the man who attempted to commit the robbery at the National Hotel. It is probable that a suit for larceny will be instituted against him this morning.

The Wool Trade

[From the Shipping List.]

BOSTON, June 8, 1873.—The receipts of domestic for the week have been 2,686 bales against 2,068 bales in 1872, and 3,229 bales in 1871. The receipts of foreign have been 2,394 bales against 4,537 bales in 1872.

The market has been quite steady during the week with a very fair demand for good lots of Western, Michigan, Ohio and Pennsylvania fleeces, super and X pulled, spring California, and for all such previous prices have been readily obtained. Fall California, heavy and burry spring, and the odds and ends that are usually to be found at the close of the year are not wanted and cannot be sold except at low figures. Manufacturers continue to purchase to supply their wants from week to week, and holders do not hesitate to sell at current rates, as there is no prospect of any improvement in prices.

California continues to come forward quite freely and nearly 400,000 lbs of this description have been taken by manufacturers, of which upwards of 100,000 lbs was very choice and handsome northern at 35c ℔ lb. This, however, is a very extreme price, and should not go forth as a quotation of the market without some qualification. Very little of the spring California, so far received, commands over 33c, and from 25@30c is all that fair and good average lots will command.

Fleeces have attracted more attention, and the sales of 350,000 lbs, principally Michigan and Ohio, have materially reduced our stock. The principal sales of Ohio have been good lots of X and XX at 51@52½c ℔ lb. An occasional lot of very choice and light has been sold at some advance on these figures, but good average lots of Ohio cannot be quoted over 50@52½c, and Michigan from 48@50c ℔ lb.

In the interior very little has as yet been done with the new clip. The views of buyers and sellers are wide apart, as usual when the new clip is about to make its appearance. In some sections of Ohio 50c is asked, but how such a price can be paid in the interior when desirable lots of old X and XX will not command over 50@52½c on the seaboard is more than we can understand. We consider that 40@45c is all that buyers will be warranted in paying for new Ohio and Pennsylvania fleeces and from 35@40c for New York, Iowa, Wisconsin and Michigan, and if growers will settle down on these figures there will probably be considerable activity in the new clip. We hear of some sales in Ohio at 40c ℔ lb, but not to any extent.

A lot of new Ohio washed fleece has been received by Messrs. Denny, Rice & Co., the first of the season, and is in splendid condition. If this lot is an indication of the condition of the new clip it will be decidedly superior to last year.

Advices from Kentucky indicate a large number of buyers there from Boston, New York and Philadelphia, and considerable purchases have been made at 35@40c, including mixed lots and good combing. Some sales have been made here at 44@45c, and the best lots of combing are held at 48c, but the latter price is difficult to realize.

Coarse wools are still very dull, and further shipments of 345 bales, principally blanket wool, have been made to England. One of the largest importers of Cape has also in contemplation a round shipment of this description, if freight can be satisfactorily arranged. Foreign wool of all kinds has been rather neglected during the week, manufacturers confining their purchases almost exclusively to domestic.

OHIO AND PENNSYLVANIA FLEECES—The sales include 12,000 lbs light XX Ohio at 55c; 2,500 lbs XX Pennsylvania at 54c; 50,000 lbs good X and XX Ohio at 52@53c; 30,000 lbs choice X Ohio at 52½c; 22,500 lbs choice X Ohio at 52c; 10,000 lbs XX Ohio at 52½c; 2,000 lbs X Pennsylvania at 52c; 10,000 lbs X Ohio at 51c; 2,500 lbs medium Ohio at 52½c; 85,000 lbs Michigan and Ohio at 49@52½c, mostly good Ohio at 52½c; and 35,400 lbs Ohio X at 50c ℔ lb.

MICHIGAN FLEECE—The sales include 5,000 lbs choice at 52½c; 4,000 lbs medium at 52c; 10,000 lbs X at 50c; and 15,000 lbs medium and X 47½@49 ℔ lb.

POISONING THE SICK.

There never was a specialty in medicine that was not pirated. Hostetter's Stomach Bitters is no exception to the general rule. Fraud follows in the track of the Great Vegetable Restorative, as it makes the circle of the world, and offers its pernicious imitations to the sick at every turn, anxious to drench the public with their trash. The imitators and counterfeiters offer it by the gallon, the barrel, the hogshead, as well as by the bottle. Beware of this deluge of abominations. Bear in mind that the true article is sold in bottles only, and the impress of genuineness is to be found upon the glass itself as well as upon the finely engraved government stamp and the elegant label. The great vegetable tonic prevents and cures all bilious disorders and complaints of the digestive organs and nervous system, maladies upon which the vile imitations produce no more effect than the Pope's Bull upon the comet.

Immense Attraction IN NINTH WARD, Allegheny.

The Most Extensive Sale of the Season.

That Valuable and Delightful Property Surrounding the

HOUSE OF REFUGE

Subdivided into about

75 Magnificent Lots

And to be offered to the public

AT AUCTION ON THURSDAY,

The 12th of June, at 1:30 P. M.,

On the premises.

This is unquestionably the most desirable plan of Lots that is now in the market, and has been laid out by an efficient surveyor with great care, on a liberal basis,

Every Lot being Beautifully Situated.

Accessible by wide streets and delightful avenues from the great thoroughfares of Preble avenue and Wood's Run, and can be reached from the center of either Allegheny or Pittsburgh by railroad or street cars in a very few minutes.

The locality is a really attractive one, the river and land scenery from all points having a most cheerful and agreeable appearance. The entire plot nestling in an unusually charming position on a beautiful elevation between the Ohio River and Wood's Run Railroad Station, entitles it to the distinguished name of the

GREAT "ELYSIUM" OF THE TWO CITIES.

Gas and water available for each and every Lot.

Come One, Come All.

The Lots only require to be examined to merit appreciation. No other such favorable opportunity for securing fine city lots has been offered this season.

All the advantages and comforts of the country will be obtained here in connection with city conveniences, combined with the privilege of being within only a few minutes ride of the great business centers of two important cities.

The celebrated Brass Band belonging to the House of Refuge will be in attendance.

Terms liberal—To be made known at sale.

Mount Lebanon BUILDING LOTS AND COUNTRY SEATS AT AUCTION.

The public are cordially invited to attend the SALE OF LOTS, on

TUESDAY, JUNE 10th, 1873,

AT MT. LEBANON,

SCOTT TOWNSHIP, Allegheny county, on Washington avenue, 2½ miles from the city limits.

These lots are beautifully located, commanding the finest scenery in Allegheny county and are the most desirable in the market. They are only five minutes' walk from Banksville Station, on the Little Saw Mill Run Railroad, and 4½ miles from the Court House. Churches, stores and schools are convenient, and the society is good.

135 of these lots, ranging from 75x200 to 50x150 in size, fronting on streets from 30 to 60 feet in width will be sold during the day at auction, singly or in blocks to suit purchasers. Also, 6 large lots, ranging in size from ¾ acre to 1¾ acres.

TERMS OF SALE—One-fourth cash, and balance in 1, 2 and 3 years, secured by bond and mortgage on the property; $10 of the cash payment to be paid on each lot when sold, and balance on delivery of deed.

Carriages will be in waiting at the head of the Inclined Plane, Mt. Washington, at 10 o'clock A. M., to convey purchasers to and from the grounds, free of charge. Sale will commence at 12 M.
